

## The Monte Carlo

### Full Wedding & Reception Coverage

We start photographing when you start getting ready. Your wedding day must run like clockwork. Our studio will ensure that your wedding day is covered - from those all important "getting ready" shots through the reception - up to a full eight hours of coverage. We will also work with you prior to your wedding so we thoroughly understand what you expect from your pictures.

### Engagement Session (or choose from Family or Anniversary Session)

The best wedding pictures start with the best engagement sessions. Our studio wants to get to know you before the wedding. Each of our packages come with the engagement session included. Your engagement session will be photographed on-location at a place special to both you and your fiancé. And if you don't need an engagement session, you can choose to have a family or anniversary session at a later date - or donate your session to our Homebound/Hometown Heroes Project.

### Two Photographers

We leave nothing to chance. Having two photographers is essential. We'll cover both the bride & groom wedding preparation along with capturing multiple perspectives of your wedding event, both at the ceremony as well as the reception. At key points during your wedding, our second photographer can even help coordinate your timeline and coordinate with different vendors.

### Complete set of Wedding Photographs provided via Digital Download

We give you a complete set of your wedding photographs on a Photo CD. Our studio will process and color correct each one of your wedding photographs. Once we're done, we'll put each of them on a photo CD for you in high resolution JPEG format.

### Dedicated Online Web Hosting

Your wedding will be uploaded to the web for you to share with anybody, anywhere at anytime.

### Personal "Sneak Peak" Blog

We'll post a blog for you on our website that features the top pictures from your wedding.

### Multiple Locations on your Wedding Day

We don't charge extra if you want to go to several different locations. Take in the Space Needle, a beach or your favorite hangout. We'll make sure to capture your day at any number of locations you choose on your wedding day.

All of our packages include a Photo Booth.
