About Us!

◦ Hello and welcome! I'm Kaitlin, and I am the eyes and creativity behind Kaitlin Springg Photography! I'm so excited that you found me! Since I believe that getting to know my clients is the #1 way to ensure an awesome experience, I'd love to tell you a little about myself! Here are a few things you should know...

◦ I love traveling + trying new foods wherever I end up exploring. I am slightly obsessed with reality shows + puppies. Although wedding photography is my #1 passion, I will never turn down an opportunity to travel + see the world. I am just so lucky that I get to do both!

◦ I love creating beautiful images, but more importantly I love serving couples on one of the greatest days of their lives + capturing moments that are raw + full of emotions that the couples get to return to by just looking at the images!

◦ I would love to welcome you into the KSP fam as a #KSPBride!

The process

- Most people fear awkward, posed images that don't accurately reflect their stories! Kaitlin Springg Photography captures authentic moments that people experience so they can relive those special memories for the rest of their lives!
- That's why my approach is a documentary style of photography. One that is laid back, + cultivates an environment where you can + feel comfortable + be fully present to let your genuine story unfold naturally.
- No worries, we will definitely mix in a few posed shots for any announcements you need, but mostly we will embrace the present moment, it will be chill, allowing for the environment to be a pure reflection of the real you!
- My desire is that when you glance at your images, the feelings of the moment come rushing back + fill your soul!

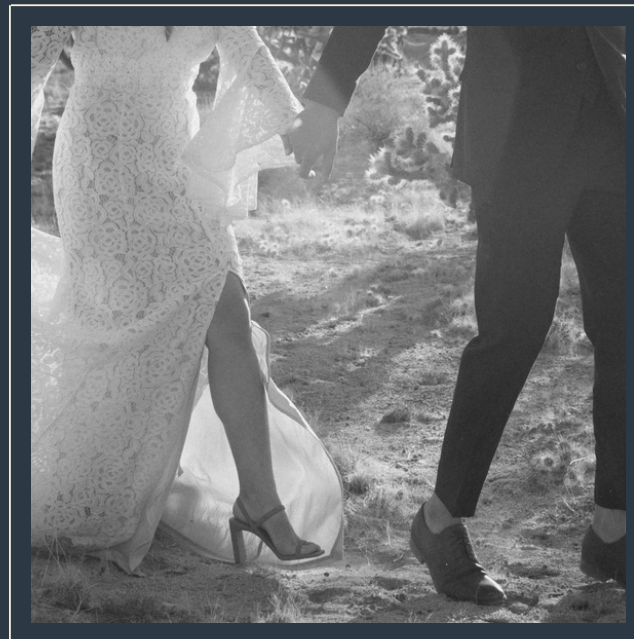

Step two

- Party with your loved ones (+ maybe your dog too) starting your greatest journey yet!
- Soak in the day you have been waiting for + enjoy all the special moments – trust me, it goes by so fast!

Step one

- Pick your package + customize It to match your needs + vision!
- In order to secure your date, you just need to sign an online contract + pay the 25% non-refundable deposit.

Step three

- Photo Delivery Day!
This is the step when you get to bring your images off screen + utilize the printing shop!
- Remind yourself on a daily basis of your love for one another + display your connection for generations to come!

QUESTION ONE: DO YOU TRAVEL + IS THERE A FEE?

Yes! I absolutely love to travel + would love to travel wherever you'd love to create your session. Although I am based out of Oceanside, CA (North of SD), I'd love to travel to your dream location! Depending on the exact location + details, there may be an additional travel fee which will be quoted at time of Inquiry.

QUESTION TWO: CAN WE HAVE THE RAW/UNEDITED PHOTOS?

Nope, absolutely not. Editing is a huge part of my creative process + the unedited photos would not be an accurate representation of my work so unfortunately you cannot receive the raw images.

QUESTION THREE: HOW DO WE RECEIVE OUR PHOTOS + DO WE GET A PRINT RELEASE?

All your photos will be delivered via an online gallery that will be available for downloading + sharing for one year after delivery date. I will have your photos backed up in multiple places here on my end, but I highly recommend you download your full gallery + back them up yourselves as well.

Yes you have personal printing rights (Getting your photos printed is something I very much encourage). Feel free to contact me if you'd like help or recommendations, I work with a few different companies for printing + Albums.

Thank you!

Thank you for taking an Interest in working together! I'm excited for the opportunity to be a part of your story!

Please don't hesitate to reach out with any questions that may come up!
