About Us

After collectively photographing nearly 1,000 weddings all around the world from India to New York City, and being published in many major magazines such as *The Knot* and *Professional Photographer Magazine*, as well as being featured on many popular blogs, Stephanie, Renzo, and Ronnie have become some of the most trusted wedding photographers anywhere.

Adored by couples and leading wedding planners, they deliver gorgeous photos of your wedding from the smallest details to the biggest moments, and they are so fun to work with you'll have them taking your family photos for years to come.

For the real story of your wedding day told with kindness, skill, and artistic excellence call our team at Ron B. Wilson Photography...

Ronnie is the Creative Director and Co-Founder, and brings 20 years of experience photographing high-end destination weddings, fashion and portraits, and uses his free time traveling the world documenting the lives of the people and places he travels to. He recently won an award from National Geographic for his work in Cali, Colombia. Ronnie has been awarded several international print competitions awards at WPPI.

Stephanie is our Lead Photographer at Ron B. Wilson Photography and has photographed about 400 weddings over the past 10 years. She brings her engaging personality and photographic skills to every shoot, large or small. She is professional, experienced, and fun.

Renzo is the Business Manager, a Co-Founder, photographer and all around awesome guy. He brings years of creativity and knowledge of business to Ron B. Wilson Photography. He provides superior customer service, not only on the day of the wedding, but also behind the scenes in the day to day operation.

Our Headquarters are located in Jacksonville, Florida in the heart of historic Riverside, with remote offices in Miami and New York. Renzo, Stephanie, and Ronnie and all of our amazingly talented associate photographers bring years of friendship, hard work, and creativity as a team to every assignment.

How it all works

First, all images are captured at high resolution with professional Nikon and/or Canon cameras. Images are then processed using Adobe software such as Lightroom and/or Photoshop on professional Apple computers, checking them for correct exposure, clarity, saturation, color and contrast. Then, everything is uploaded online to our online service for proofing and ordering, this will be your first step in viewing images. Every shoot comes with a print credit which allows clients and guests to order prints, digital files, and other products. Any images selected by clients who purchased albums, canvases or other products will be re-opened and worked on to make sure that they look great before final products are delivered. In about six months after your event/session or after the completion and delivery of the final products (whichever comes first), you will also receive your ownership of full-resolution images (included with packages or purchased separately on the ala carte menu).

Associates and Second Photographers

Our associates are all amazingly talented and have been personally coached by Ron B. Wilson over the years. Being able to offer our associates at different rates helps those couples with varying budgets, but our ultimate goal is to perfectly match our client's individual personalities to our associate's styles.

A second photographer is a full-shooting second photographer for ultimate coverage of events (included in some packages or purchased separately on the ala carte menu). An assistant is responsible for helping the other photographers with lighting and equipment, to help gather groups for photography requests, and helping everyone stay organized during portrait sessions.

I was so happy with the photos from our wedding. Ron is truly a gifted artist and has captured the essence of our wedding perfectly. The photos are incredible, and I have had countless people comment that they are extraordinarily beautiful and unique and unlike anything they have ever seen. I really didn't want anything staged and Ron understood exactly what we wanted. Honestly, this was the best money we spent on the entire wedding. Ron was a dream to work with also, we had an instant good feeling about him and this just got better as we worked with him. I couldn't recommend Ron highly enough if you are looking for something different, with character, and with an artistic/creative feel to it.

Abby and David - Seattle, Washington

We just had the great pleasure of working with Ron B. Wilson to capture our August wedding in Seattle. My sister worked with Ron and his associates for her wedding a year ago in Florida and her pictures and experience made us want to have Ron for our event. His photos are beautiful! The photos would be enough to make it a great experience, but in addition to the beautiful photos, Ron helped to create such a relaxing atmosphere for us. He is incredibly creative, and has an amazing talent for capturing moments, people, and places. Part of his great skill is his ability to incorporate our ideas and the things and places that are special to us into his photos. Ron understands the dynamics of a wedding day and was able to capture the day and the people that we love without making it "all about pictures." Working with Ron is great because he really values his clients and he works hard for them. Ron brings a passion for his work, and a talented and studied eye to every shot he takes. He has a warm, friendly, fun, and inviting personality that made us feel so comfortable and natural with him. I highly recommend Ron B. Wilson to anyone, check out his website and portfolios—they speak for themselves!

Taryn and Carlos - Casa Monica Hotel, St. Augustine, Florida

This photographer is amazing. I can't say enough about him. The photos he and his team took captured every emotion of our wedding day. His staff members are outstanding as well. Such a great job documenting everything, every single detail. Ron literally laid down in the middle of the road to get certain shots. I've never seen anyone work so hard but remain so calm and relaxed... he managed to direct everyone so smoothly and seamlessly, and the pictures are just amazing. Can't recommend this guy highly enough!

Ron Wilson is truly an artist. Both he and his associates take true pride in what they do. They make you feel like you are the only person they are working with because of the time and attention they give to you. As Ron's graphic designer I have the amazing opportunity to see all of his photographs, and I always seem to be in awe! He never ceases to amaze me with the quality and detail that is put in to each and every photograph! He is truly blessed with talent and a bride would be lucky to have him shoot her wedding!

Rachel Ely - Blossoms & Accents – Florist

Ron B. Wilson and his staff of dedicated photographers are the BEST that I have worked with in the wedding industry. I always look at his photos and see a Work of Art. His passion and experience makes every shot unique. All the clients that we have worked with together have always been extremely satisfied with their pictures. I highly recommend him and his staff to my clients because I know they will do an outstanding job for them.

It is one thing to be a great and talented photographer, but it is another to do it with great passion and energy. That is Ron! You know he really loves what he does as he captures the day from the big events to the fine details and all with the bride and groom's vision and requests of the day in mind. He and his team are always a pleasure to work with and the bridal couples always tell me they love his photos!
