Discounts:

10% discount for first responders and/or military.

Either the bride or groom must be a first responder or have served on active duty in the military. Proof required, only one discount if both meet requirements.

- The usual definition of a first responder is “ a person with specialized training who is among the first to arrive and provide assistance at the scene of an emergency”. This would include law enforcement officers, paramedics, EMT’s, firefighters, and lifeguards. We expand the definition to include all personnel in these fields as well as the field of education.
