Hello bride-to-be and welcome! I'm Hannah and I can't wait to learn about you and your fiancé! Since I believe that getting to know my couples is the #1 way to ensure an awesome experience, I'd like to tell you a little bit about myself. Here are a few things you should know!

- I'm the luckiest girl in the world to have been married to Caleb, my teenage crush, since May 4th, 2016.
- We live in Buffalo, New York but LOVE to travel!
- I started my business in 2012 from my college dorm room.
- We don't have kids or pets, but I do volunteer at a local cat adoption center! The kittens are my favorite part!
- I have a serious obsession with Disney World.
- You might be able to tell that my favorite colors are white, blush, and rose gold.
- We love our family. I have 5 little ones who call me "Aunt Hannah."
- I love creating beautiful images, but more importantly I love serving my couples on the greatest day of their lives!

I have a package for every kind of wedding! Each package includes: Wedding day coverage, help creating your wedding day timeline, assistance choosing outdoor portrait locations, edited high quality digital image files, professional online viewing gallery, and personal print release. My approach to weddings is to gently take charge when necessary, and to soak up real life through my camera the rest of the time. I will help your day go as smoothly as possible. You don't even need to know what time it is, I am on it! At the end of the day, the bride and groom often express how happy they are that the day was as carefree as they hoped it would be! My second job on your wedding day... mini-wedding coordinator.

Before you continue reading - keep in mind that I would be more than happy to take you two out for coffee so that we can meet and talk more about all of this. You likely have never done this before... but I do it all the time! Let me walk you through the process and together, we will get a better idea what your day might look like with me as your photographer. Plus, I like to get to know each bride and groom so we both know we are a good fit! :)

All my packages give you reproduction rights to do whatever you would like with your images and some of my packages include a custom made album. On average, you will receive 50-70 images per hour (often more!). Each package includes travel costs for up to 40 miles round trip.
