

### **City Farm Chehalis**

Formerly the St. Helens Fox Theatre, City Farm Chehalis has been majestically transformed and restored into a unique Western Washington landmark. Originally a Ford Dealership, City Farm Chehalis is history like no other. Combined with historic art from ancient exotic lands, City Farm transports you into another world making any event a one-of-a-kind experience. Works of art from the 18<sup>th</sup> and 19<sup>th</sup> century abound while period furniture compliments the décor. The building features Italian Renaissance paintings, which adorn the acoustic coves, and over 50 chandeliers including Lucille Ball's dining room treasure. Palatial hand-carved pillars accent the first floor and intricate royal facades surround the stage and dance floor upstairs. Classical architectural medallions, ornate

mouldings and motifs highlight the ceilings while old-growth wood and brick delight the walls. From floor to ceiling, it is a visionary wonder and the perfect blend of old and new for a genuine sensory experience. Our amenities are exceptional. We can make your dreams come true 365 days a year. Let us help make your wedding ceremony and reception an exquisite experience! Schedule a tour today!
