WEDDING PRICE GUIDE

I am a wedding photographer
based in Maryland and love
capturing beauty & joy.

ABOUT ME

My husband Kevin and I live in Maryland, about 20 minutes outside of Baltimore, with our three kids Payton, Hallie, and Grayson! When I am not shooting weddings or families I am either cuddling with Kevin and the kids watching Netflix, working out on the Peloton, spending time with friends and family, or dreaming of our next beach trip. I am a lover of light and beauty, capturing timeless moments that will last for generations.

MY PHILOSOPHY

Before deciding to make photography my full-time business 7 years ago, I worked as a graphic and web designer, and I bring my expertise in design to every shoot. Working in the design industry for four years has given me a unique understanding of photo composition and how to optimize each image during the editing process. I have a deep passion for photography and capturing significant relationships and moments in time. I am excited to get to know you and discuss the possibility of capturing memories on your wedding day!

SAMPLE TIMELINE

Three months before the wedding, I will email you a questionnaire to complete that will provide details I will need such as location, timeframe, and reception event details. After I receive your response, I will put together a customized timeline based on first-look, timing of ceremony, family portrait combinations, and other details that are unique to your ceremony. We will work together so that you won't have to worry about anything on your special day. Your only job on the wedding day is to have an amazing time celebrating with friends and family! I will have your timeline with us on your wedding day and will reference it throughout your ceremony and reception.

KIND WORDS

We wouldn't be able to do what we do without our fabulous clients. We are thankful to be a part of each of their stories and capture moments on the wedding day!

CHRIS & JOANNE

“We couldn't be more in love with our wedding pictures, and it's all thanks to Anna Grace! When we set out to find a photographer, we knew we wanted them to have a light and airy feel. When the time came for our wedding, Anna Grace helped make sure we stuck to our timeline and ensured we got all the photos we wanted and then some. From the detail shots to the ceremony, the family formals to of course the bridal portraits, everything came out even better than we'd hoped. I absolutely recommend working with Anna Grace for your big day, especially if you're looking for the light, airy and effortless feel she so magically captures. You certainly won't regret it!”

BRAD & EMILY

“Anna Grace was responsive and flexible with us from the beginning and helped us put together a thorough timeline and itinerary for our wedding day. She was so patient with our large wedding party & family while we were doing formal photos and still managed to make sure we got all of the shots we wanted. She was so kind and professional with us and our guests. She has the eye for what will look great in a photo and her pictures speak for themselves. We loved the light & airy feel of both our engagement and wedding pictures, and she got them edited and over to us so quickly after our big day which we greatly appreciated! She was an absolute pleasure to work with and we will cherish our photos forever!”
