# About

Hi, I am Sabina, but my friends call me Sabi.

I am so excited you are here!! It is crucial to me that you not only adore my work but also feel that it will bring out the best in you for your photos!!

After all your wedding day is meant to be a remarkable celebration!!- My goal is to ensure this experience exceeds all your expectations.

I become deeply connected with my couples and consider them more than just clients: they become friends. I have a special fondness for destination weddings, elopements and outdoor settings. My goal is not only to capture the beauty of your day but to evoke emotions through my photos.

If that's what you are looking for, keep on reading :)

# Experience

Photography and the bonds I form with each couple go hand in hand. My devotion lies in forging authentic connections and delivering a personalized, hands-on experience that aligns with your vision and individuality. Your photographs will vividly convey the height and depth of your connection organically showcasing your love from within.

As your wedding day approaches, I'll seamlessly blend in as another friend in the room, enabling me to capture you authentically. Every moment, whether grand or subtle, contributes to your unique story. My goal is for each of you to revisit your photos in the years ahead and instantly relive the emotions, surroundings, and atmosphere of your special day.

# Engagement Sessions

I recommend doing an engagement session before your wedding. Why not get to know your photographer?

It's the ideal occasion for us to meet, share a drink, and build a connection. I enjoy getting to know you and for you to see how I work. By the time your wedding arrives, I'll practically be your favorite third wheel, seamlessly blending in with the celebration!!

# FAQ'

YOU LIVE IN FL, DO YOU TRAVEL?

Yes, I absolutely LOVE to travel, I have lived in 7 different countries and speak 5 languages fluently. I have shot weddings all over the US and world!

WHAT EQUIPMENT DO YOU USE?

I shoot with two Canon R6 and two Canon backup cameras. My favorite lens is currently the 24-70mm rf in addition to my prime lenses

MY PARTNER DOESN'T LIKE TO BE IN FRONT OF THE CAMERA, IS THAT OK?

I hear that all the time and we always end up having so much fun! It's my job to make you feel comfortable in front of the camera and I do have some tricks up my sleeve.
