

## Custom Invitations

Our pricing varies, but for an average, they are between \$5 - \$15 per Invitation Ensemble. The pricing is dictated by the invitation style, materials, embellishments, type of printing, and if you would like us to do any assembly. Our custom invitations are NOT mass produced and therefore cannot be compared to the mass market, as that is like comparing a Chrysler to a BMW.

## Assembly

Invitations will arrive unassembled. Assembly is easy and fun. Some invitations require more assembly than others (some may require mounting or attaching embellishments). Envelope liners may also require assembly. Here are our costs for assembly...

**Partial \$0.50 per invite:** Adhering Envelope Liners to Envelopes or by placing inserts into any enclosures, except for Response Postcards/Envelopes (you need to adhere postage).

**Full \$2.50 per invite:** Fully Assembled invitation, adhere stamps on the RSVP Postcard or Envelope. Everything, except for stuffing into Envelope. If you have chosen Personalized RSVP Postcards, we will put the invitation with the matching envelope.

**White Glove \$3.50 per invite:** A Fully Assembled invitation and includes stuffing envelopes, adhering postage stamps, hand cancelling and mailing invitations out.

*\*\*Please note that the actual Postage is not included in either the Full or White Glove service. However, you can either provide it to us or send us payment and we will purchase.*
