Make the Best Day Ever, Even Better

LOOKING TO ADD SOME PHOTOBOOTH MAGIC TO YOUR WEDDING? SNAPBASH to the rescue. We're a made-to-measure photobooth company based in dc and always travel-ready.

AS UNIQUE AS YOU ARE

No two love stories are quite the same, and no two photobooths should be either. At SNAPBASH, we believe in celebrating what makes you and your story so very special. How? You-centered props, custom designed photo templates, dreamy backdrops, snazzy takeaways, instant sharing, and the prettiest open-air booths around. We're here to help you celebrate like only you can.

WEDDING FAVORS THEY'LL LOVE

A must-do highlight during your reception, the SNAPBASH experience continues to delight long after the music has ended. From camera to lighting to printer, we use the best professional equipment there is to ensure your moments are captured in frame-worthy quality. Onsite printing and sharing capabilities mean that your guests leave with photos they'll treasure, and our online gallery delivers free downloads from wherever they go next.

ONE OF A KIND

Looking for a 100% bespoke experience? Fantastic. We love creating custom backdrops and props. Tell us what you have in mind and together we'll explore the possibilities, from dramatic balloon and flower walls to whimsical modern installations. If you can dream it, we can make it.

PACKAGE BUILDER

Our packages are designed to give you and your guests a party to remember. Like what you see just as you see it? Fantastic! Like what you see but... No problem. Services can be added à la carte to any of our base packages. Made-to-measure is what we do after all. Tell us what you have in mind and we'll create a custom package just for you.
