# CHOOSING THE RIGHT PHOTOGRAPHER

*Your wedding day is quickly approaching, and all of the details are starting to fall into place. You might be feeling overwhelmed, but we're here to help!*

*One of the most important decisions you can make is deciding on a photographer for the big day. With so many options out there, we are honored that you have considered us to document your wedding.*

*Our professional photography team has spent years finding the perfect locations, poses, and lighting techniques that show off our clients naturally & beautifully. We've put hours and hours into researching the best looks, hair & makeup tips, and wardrobe ideas that make our portrait sessions truly unique.*

*Snapping a photo is easy, but directing a client and leading them confidently throughout their shoot is something entirely different. This is something we not only strive to do - we guarantee it with each and every client who graces the front of our cameras.*

*We work with each of our couples individually to create a portrait session they will be proud to show off YEARS after we are finished photographing! Instead of following trends, we have worked hard to create a style of our own that is chic and timeless. No detail is left to chance. Our vendors are all seasoned professionals who have been hand-selected by Pixel Perfect Photography.*

*Our goal is to be there every step of the way as we capture your story. From the initial consultation to handing over the final, printed pieces from your session, we will guide you through an experience that is memorable for years to come.*

*Congratulations on this exciting time of your life!*

“REZA WAS WONDERFUL

**PLAN A  
TIMELINE:**

*Send over your timeline  
before the wedding to  
ensure that the day goes  
off without a hitch!*

*Some of our couples' favorite images from their wedding day end up being the detail shots. Details help tie everything together & tell the story of behind-the-scenes moments.*

*Think about getting a wooden hanger for your dress. They photograph well and are great keepsakes for years to come.*

#### CROWD MANAGEMENT

*It helps to have a designated friend who can proactively gather the groups so we can focus on creating beautiful photos! Usually this person knows the groups pretty well, they have a loud voice, and they can round people up with ease.*

## AFTER THE CEREMONY

*After the ceremony, have your officiant make an announcement asking family members to stay in the ceremony location. Have an appointed friend help facilitate the different groups you would like to have photographed.*

*Keep your list of groups short. Please note that each group shot can take 2-3 minutes. We would all love to have photos with every important person at the wedding, but time is of the essence. Less is more in this type of situation, and you will have the reception to get group shots, if necessary.*

*When these plans are in place, you are destined for fun & smooth formal portraits! This also allows for creative wedding party photos, as well as romantic bride & groom portraits with beautiful lighting!*
