Makeup Artist Kay Kremer

Suggestions on skin preparation: If you don't already have a great skincare regime I recommend buying **REGENERIST Microdermabrasion and Peel System by Oil of Olay**. It regenerates the skin texture and helps with surface renewal. It leaves the skin soft and smooth allowing the makeup to go on smoothly and wear longer. Any type of gentle exfoliation is suggested to help smooth out the skin and allow the makeup to look smooth and flawless. Be sure to use a good moisturizer for proper hydration.
