JESSICA LAUREN PHOTOGRAPHY

# Welcome.

*The images we  
create together  
will become  
your first  
family heirloom.*

Major congrats on your recent engagement! I'm so honored that you're considering having me spend your wedding day along side of you! Wedding photography is a lot of things, but most of all it's an investment in someone to capture and document your wedding day.

When the wonderful day is done, the cake has been eaten, the dress hung, you are left as newlyweds with your wedding photographs.

Spend some time reviewing this guide. If after reading this, you feel like we'd be a great match for each other, let's meet either over coffee or via Skype to discuss your needs & vision for your wedding!

*I make it simple,  
keep it light,  
& focus on the  
candid moments*

# About Me

J E S S I C A   L A U R E N   K E N T

I love collecting cameras, books, movies and cats. I am a 'nerd' and not ashamed; you can catch me on a Friday night playing video games with my equally nerdy husband, Brandon. I also love wearing yoga pants and hanging out while drinking a good cup of coffee (I never say no to coffee!). I love chasing down the perfect light and creating beautiful, natural, and timeless images for my clients. The images we will create together will become heirlooms and I take that responsibility very seriously. My clients are so special to me and I do anything and everything to capture their special moments so they can be treasured for years to com

My photography style is raw, real, and authentic. I will make you laugh and I promise I won't make you do anything too awkward! I make it simple for you, keep it light, and focus on the precious candid moments that naturally occur between two people who are madly in love. Years from now, I want you to look at your wedding photographs and have all of those memories come flooding back. The bliss, sentiment, light, and laughter from the day you wed.
