FAQ

Q: What sets you apart from other photographers?

A: With years of training, I know how to pose and guide clients to make them feel relaxed while looking their best. I use natural lighting as often as possible and ensure my sessions are intimate and fun!

Q: Will we get the print release of our photos after our wedding?

A: Yes! Upon receiving your images, you will also get a full print release.

Q: Can you Photoshop my images to hide unwanted spots, wrinkles, etc?

A: Minor edits will be made to your images, but specific edits will be charged separately.

Q: How many photographers will be at our wedding?

A: All of our wedding collections include at least two photographers.

Q: Would you happen to have a list of preferred vendors to use?

A: Yes! From wedding videographers and caterers, we have worked with some of the best companies in the industry and would love to share their information with you!

Q: Do I have to order prints through you?

A: I highly recommend ordering prints through one of my professional vendors, but it isn't required. The difference in quality is huge when it comes to ordering through a professional lab, so I always love to help with prints!
