# What Couples Are Saying...

## *Cheyenne + Austin*

**BEST INVESTMENT EVER!!**

When it came time to make our invitations I like many others took to online sources and very quickly became overwhelmed by it all! So while exploring my options I decided to check local vendors because clearly I was no expert on invitations, but I had ruled out the likely hood of being able to afford custom invitations!! But that's where Kelly comes into play! From my very first interaction with her to the last she was so sweet and kind! Kelly is a true expert in her craft and was so helpful throughout the entire design process! She listened to all of my wants, gave me so many great options and it was so nice that I was able to feel and see actual samples pieces. She helped immensely with all of the small technical details and provided expert advice on what to include on invitations, programs and other paper goods for the day of!! She was timely and professional with all of her emails and calls, and helped provide a good timeline of when certain things needed to be done by!

## *Diana + Brooks*

We are so glad we chose Uppercase Designs to create our wedding invitations. Kelly listened to what we wanted and helped us create something that fit our style and wedding day perfectly. She was easy to work with and extremely talented. We couldn't be happier, our friends and family LOVED the invitations.

## *Lauren + Nick*

I knew from the beginning that the first impression I had to make with my invited guests would be with the invitation they received in the mail. After meeting with Kelly there was no doubt in my mind that she would help set the tone for our celebration. Along the way I made additional requests and Kelly was right there with her creativity to make my thoughts come to life. Even now after the wedding I am still coming up with printed needs for her! I look forward to working with Kelly for so many life events!

## *Katie + Stephen*

We booked Uppercase Designs for our May 2019 wedding! Kelly was incredibly easy to work with. From start to finish she was very responsive and would return edits almost instantly! She worked with me to come up with unique designs for not only our invitations but also our menus, bar signs, monogram, seating chart, etc. Everything looked professional and AMAZING! I highly recommend Uppercase Designs!
