The Flush Mount album featured here can also be called a Coffee Table Book or Art Book. These are "fancier" kinds of albums. They have a variety of hard cover styles: leather, metal, canvas, wood. The pages inside are digitally designed with images layered on top of each other like a collage. There is no matting and the pages cannot be removed. Usually 60-80 images are used.

Traditional Album features a bound album with mats and traditional size print (8x10, 5x7, 4x5) that go into the mats. The mats may be removed, as well as the pictures. 30-36 photos are normally used. TRADITIONAL ALBUMS MAY BE SUBSTITUTED FOR ANY OF THE FLUSH MOUNT ALBUMS.

Extra time is \$75 per hour
