# WEDDING PLANNING

---

Novelty Hill-Januik Winery requires all couples to work with a professional wedding planner or coordinator. This process guarantees a fabulous event that meets the expectations associated with our distinctive venue.

Couples choosing our Platinum Package will be paired with a handpicked planner from one of our exclusive partners, and receive Day-Of Coordination services at an NH-J-exclusive rate of just **\$3,000**.

Our goal is to create an inclusive planning process for each couple with as little stress as possible, at a great price! We have built a strong relationship with our planning partners at Prive Events and Pink Blossom Events. These two companies have become part of our team as we have worked closely together over the last few years. Both companies know how to create unforgettable experiences at the winery.

If you decide the Gold package is the right fit for you, a list of wedding and event planners pre-qualified by the venue is available, and we are happy to make recommendations for planners. All planners must be affiliated with a licensed planning company.

# OUR STORY

Novelty Hill and Januik are two independent wineries that share a tasting room and production facility in Woodinville wine country.

Acclaimed Washington State winemaker Mike Januik founded Januik Winery in 1999 drawing on Columbia Valley winemaking experience dating back to 1984. The winery is dedicated to crafting limited release wines by working on a small scale with fruit from the state's best vineyards and concentrating on the details of winemaking, from fermentation through blending.

Mike oversees winemaking for Novelty Hill as well, relying on the winery's estate vineyard Stillwater Creek, to produce rich, balanced wines that capture the finest expression of this steep, south-facing site on the Royal Slope of the Frenchman Hills. The vineyard is best known for its unique selection of premium varietal clones.
