

-ON YOUR DAY-

I will be with you the whole way through! If you want me with you when you first open your eyes on your special day you will see me with the rising sun and a smile on my face! I will capture full artistic and journalistic coverage of the event and will have a second photographer with me to be the eyes behind my head (packages). The two of us will help you organize and execute your

itinerary for the whole day so that you can breeze through without ever even worrying about where your groomsmen are... and why!

As your wedding photographer I will collaborate with your coordinators, florists, DJ, and other vendors to see that every detail of your wedding day blossoms smoothly

The memories that you will cherish the most will be ones that are captured while you are enjoying yourself the most. This is why your experience is so important to me. I will be there to help keep that smile on your face, and I will capture every moment that it is there.

-PACKAGES-

Your friends and family have watched you spend endless hours preparing for your wedding day. You have agonized over colors, patterns, locations, schedules, traditions, and trends. You are ready to show up and show off, because it is going to be fantastic! All of the work and care that you have placed on this day needs to be preserved in equally special packaging. The purpose of the wedding package is to continue your excitement in displaying to the world the beauty of your love in a tangible way. Albums, prints, and gifts can be purchased before or after the wedding, but right now you are a well-oiled wedding-planning-machine, so now is the time to plan for your after-wedding-fair

-CONSULTATION-

Getting the initial information is very important of course, but I am always eager to meet those who are looking forward to union together! I would love to meet you, your fiancé, and your family in person to talk about the details of your wedding photography. I am sure that your needs are as unique as your wedding is going to be, so allow me to make myself available to you in person and lets set a date!

What you can expect at our consultation meeting will be a delightful dinner or drinks together and plenty of relaxed getting-to-know-one-another time. At this first consultation there will be incentive for making purchases decisions, so please do bring any "decision makers" that you may want to consult with. Tommy, my husband, and I will be welcoming you warmly for the date-and-time of your choice!

*Sincerely at your service,
Cassia Karin*

“My husband and I got married in Yosemite and I couldn't imagine anyone else taking our wedding pictures. Cassia and her husband Tommy went above and beyond the call of duty. Looking through our pictures really allows me to relive the day. I don't feel like I'm missing anything.

I cannot recommend Cassia highly enough. She is passionate, professional, and I can't believe how blessed I am to have her as my wedding photographer!”
