

BRANDON & ERICA

BE

PHOTOGRAPHY

about us

b + e

Brandon found his love for photography in college. One class on the subject opened a completely new door to a passion and expressive art form from which he has never looked back. A degree in photography, years of refinement on technique, informational classes, professional workshops, and real life experience have lead to a professional photographer people have come to trust with their most intimate moments.

Erica has always seen the world from an artist's point of view. Growing up under one of the most successful wedding and portrait photographers in Santa Barbara, she has had experience unlike most people. Natural talent, keen observation, and an ability to organize quickly and spontaneously have given her the ability to be a true artist with which other professionals admire and imitate.

Together, they make up B&E Photography and have been in business since their own wedding in 2007. Their love of photography led them to treat others not just as clients but as friends whom keep in touch to this day. When they are not photographing weddings, events or portraits, they keep their creativity, artistry, and love for life alive by photographing the different cultures and lands they visit worldwide. Having traveled to over 30 countries has truly opened their eyes to new opportunities and ways of life. When they aren't photographing a wedding or planning their next trip, they can be found walking the parks, going to the movies, or having a glass of wine on State Street.

frequently asked questions

CAN I PRINT FROM THE THUMB DRIVE?

Yes! The thumbdrive is yours to print wherever your heart desires. We only ask that you keep the prints for yourselves and not distribute to others per our contract. To ensure the best representation of your special day, we do recommend you use a professional printing lab in leu of mass produced, lower quality printers such as Costco.

DO YOU SHOOT DIGITAL AND WHAT CAMERA DO YOU USE?

Yes and we use only the best; Canon! The Canon lineup has served us well and the Canon 5d Mark III, Canon Speedlites, and the Canon L series lenses have produced only the best images possible! You're in great hands!

WILL THE IMAGES ON THE THUMB DRIVE BE RETOUCHEDED?

Yes, they are color corrected, cropped, exposure corrected, etc. We only provide you with a quality product which is refined and enhanced.

HOW DO I BOOK YOUR SERVICES?

Once a contract has been drafted and signed, please send it and a 50% deposit to secure the date. The remainder of the amount will be due 30 days prior to the wedding.

CAN I PAY BY CREDIT CARD?

Yes, but we prefer checks made out to Brandon Brown. However, feel free to call us at anytime to run your credit card over the phone. We accept all major credit cards.
