*"Dj S did our wedding a few years back and people are still talking about how good our DJ was. He is very professional, extremely talented, and helped make our party great! I have referred him to every couple I know that has gotten married since!"*

**Justin & Meryl Elder (Wedding reception)**

David was the perfect choice for our wedding. Our dance floor was on fire from the beginning of the night to the last minute. He was able to plan an entire evening of perfectly appropriate music based on our rather eclectic and quirky requests. (For example, mixing our first dance and throwing in a song for my mom's comedy routine) He cut songs just at the right times to keep the atmosphere moving. He kept the entire reception on schedule and was lively and entertaining and patient with all sorts of requests. We had American music and Arabic music and he blended both well so that everyone felt included.

Prior to the wedding, we met with David over coffee and were impressed by his kind hearted nature and eagerness to help us throw the party of a lifetime. He did his homework and played to our heart's content. I would recommend David to my best of friends and if he's still DJ-ing when our kids get married, David will be their guy! (Whether they like it or not!)

David, thank you for helping make our night the best night of our lives. We are so appreciative to you and your hard work! Thank you one thousand times over for putting up with our multitude of quirky requests. God bless you, brother! Hope to see you around.

**Sally and John Kirk (Wedding Reception)**

*David it was a tremendous relief having you in charge of our music! The feedback and suggestions you had for our reception timeline were incredibly helpful! We were truly blessed to have you in charge of the music, and in turn, we had a fun and memorable wedding! Much love & blessings.*
