Your names or logo

### PROJECTOR & SCREEN

Cost: \$200 flat fee  
Slide shows and videos

## STEP 4

You are almost there! We only have a few more pricing details to go over in order to come up with your total quote.

We have a 4 hour minimum time frame for weddings. We arrive 2 hours before the event start time to set up. We do not charge for taxes, setup or breakdown time. For weddings more than 30 miles outside of Denver we charge a vehicle fee of \$1 per mile round trip from Denver to your venue and back. For weddings at venues located more than 60 miles away from Denver we also charge an accommodation fee of \$200. This is to insure the safety of our DJs by allowing them to sleep at a quality hotel overnight before driving home the next day. We can waive this fee if you provide a room on the night of the wedding at the wedding venue. For weddings over 90 miles from Denver our accommodation fee is for 2 nights for a total of \$400. We can waive this fee if you provide 2 nights accommodation at the wedding venue on the night before and the night of the wedding. For mountain top ceremonies and receptions involving gondola or service road transport we also charge a \$200 fee to cover the additional time, vehicle depreciation and effort necessary for success. We require a plated or buffet meal to be eaten during dinner. No box lunches please. To secure the date please fill out our contract document with your event details and equipment selections, then sign and email it to us along with a 25% deposit. For deposit and balance payments we accept mailed checks, Venmo, PayPal, Zelle and credit or debit cards. We charge a 5% processing fee for credit card payments. Feel free to reach out over phone or email anytime with any questions. Thanks!
