Congratulations on your engagement! I'm so honored that you're considering having me spend your wedding day along side of you! Wedding photography is a lot of things, but most of all it's an investment in someone to capture and document your wedding day.

When the wonderful day is done, the cake has been eaten, the dress hung, you are left as newlyweds with your wedding photographs.

Spend some time reviewing this guide. If after reading this, you feel like we'd be a great match for each other, let's discuss your needs & vision for your wedding!

about me

Hello! I'm Alyssal am a creative artist of vivid, eclectic tastes and passions. Above all, telling real stories in beautiful ways is my jam. That is how I became a wedding and portrait photographer. I also happen to be a lover of both dogs and baked goods and an enthusiastic travel addict.

I am passionate about the unique beauty of human beings and I strive to make sure that anyone, regardless of their size, shape, race, gender, or sexual orientation, believes and knows that they can work with me and receive beautiful results that reflect how wonderful they are as individual beings.

Hiring your dream photographer is a big decision that goes beyond beautiful pictures. That's why it is so important that you know how seriously I take not only my job as an artist, but my responsibilities to my clients on the most important days of their lives. When I put myself out there as a photographer, what I'm primarily asking you for is your trust. Your trust in me to tell your story in images. I deliver that story through making sure that my clients feel totally comfortable being their truest selves when they're with me. Working with me is personal and easy, like falling into step with a friend. I will always be myself with you and give you the freedom and safety to totally relax with me and with my camera, so that the real you shines through, whether that's the truth of your relationship, your individual confidence, the essence of what makes you special, or a bubbling, unexpected laugh caught in an instant.

As an artist, I am drawn to rich, bold images. I love to play with light, and moreover I love to play, period. I catch your most captivating and authentic images by working from a place of joy and genuine happiness in what I do. I so look forward to meeting you!

products

At some point in your life, you have probably sat down to look at your parent's or grandparent's, or some family member's wedding photos.

There is something so beautiful about having photos in your hands to share with your family and friends. I encourage all of my couples to print their photos in one way or another! I offer album packages and print packages. If you'd rather make your own album or handle your own printing, that is TOTALLY fine! It can be a fun way to creatively revisit your wedding day.

If you'd rather me handle it, that's cool too! Below are some options you have. Again, these are all customizable!

print collections

All prints come from Millers Lab, a printing and album company servicing professional photographers exclusively. Your prints will be of the utmost high quality, individually inspected by a human for quality insurance before being shipped to you.

Other sizes available upon request. All photos are printed on Kodak Professional Endura Premier Paper (Traditional E-Surface Paper). It is the most popular paper used by professional photographers. Boasts accurate color, realistic saturation, excellent neutral flesh reproduction, and great intensity and offers brighter blues, cyans, purples, and reds. Standard Archival Value of 100 years in home display. Other mediums available upon request.

albums

Should you decide to purchase an album, about 6 weeks after your wedding, we will sit down in person together and choose the layout, cover, type of paper, and what photos you would like to be included in your album. The price tags on these albums range anywhere from \$400-\$1000+ depending on the size, number of pages, type of cover, and type of paper you choose! To add on an album, a retainer of \$400 will be added to your wedding photography package, as this is the minimum investment into one of my albums, and any additional costs will be due the day that we create your album look together.

Not ready to commit to an album yet? That's okay too! Albums can be added on anytime until 8 weeks after your wedding date. If you'd rather create your own album, let me know, and I would love to give you some recommendations!

how to book

All wedding dates are available on a first come, first serve basis. For all weddings packages, a 50% retainer is due at the time of contract signing. Your date cannot be reserved until your contract is signed and your retainer is paid. The 50% remainder will be due one month before the wedding date. Payment plans are available upon request. Engagement shoots will take place at the location of your choosing! For Maryland, weddings, I can travel up to a 30 mile radius from Annapolis, MD. After that, it will be just \$1 per mile outside of that radius! For NYC/NJ weddings, I can travel up to a 20 mile radius from Harlem, Manhattan. After that will again be just \$1 per mile outside of that radius. Have a dream destination that is a little further, requiring an overnight? Let me know, and we will make it work!
