“I don’t even know where to start! Josh captured every precious moment and more and I cannot be more grateful. I’m so picky, but pictures we’ve got are perfect. Thank you so much for such an amazing job in one of important days of our lives together.”

- David & Olga

Hello!!! I'm Josh

My style is colorful, romantic, and timeless. I love capturing the intimate moments, as well as the gorgeous scenery around you, all while never missing an opportunity to throw in a good "that's what she said" joke. Most importantly, I want to capture your day how it was, so you can relive it forever!!!

I started out in photography like just about everyone that takes pictures. I pointed my camera at every sunset and waterfall I could find. (I was stationed in Puerto Rico at the time) I slowly transitioned into wedding photography and haven't looked back. I literally have the best job in the world. Everyone is happy and the only tears are those of happiness. But with weddings, they are all so similar, yet so incredibly unique - those intricate differences are what I love.

I think laughter is the best medicine. Early on in life, I found that joking about something sad helped me to cope. I'd be an inconsolable blob without humor.

Equality is immensely important to me. I believe everyone's precious memories deserve to be captured in the most beautiful and authentic way.

Because of my time running around the mountains of Puerto Rico, nature is my second religion. The California redwoods, the waterfalls of Puerto Rico, the beaches of Aruba - these are some of the places I find peace and inspiration.

Love Notes

“ Josh was absolutely amazing! He was so kind and so professional. He was so fun to work with!! The pictures came out so amazing, beyond what we imagined! He was able to give sneak peaks so quickly so we were able to share the news on Facebook with beautiful pictures.”

- DAVID & OLGA

“ I hired Josh the day I got engaged!! I had a vision for my engagement photos and he went above and beyond my expectations. He suggested the perfect location and his easygoing personality instantly made us relaxed. My husband and I had fun during the session and absolutely love the final photos that Josh made of us. He really knows his craft! We have several canvases and large prints hanging in our home - these special photographs are the most meaningful wall art we could have!”

- SETH & KIRSTIN

“ I highly recommend Josh! We hired him for our engagement photos, and rehired for our wedding, as he felt like family! His responsiveness surpasses 5 stars and he arrived on time, before us! He captured our outdoor ceremony and indoor reception, with great photos! Not shortly after our wedding, my Uncle passed away. He helped find any photos in his shots that had my uncle. He captured our first moments as husband and wife, and my last memories with my Uncle.

I wouldn't have changed a thing!”

Frequently Asked Questions

Do your packages come with a second photographer?

Yes, all of my wedding packages comes with a second photographer. It helps to ensure that we are able to capture all of the moments that make your event special. My second photographer is always an experienced professional.

How long does it take to receive our wedding images?

You'll receive a sneak peek, from your wedding day, within a week, and the completed wedding images will be available in your private online gallery within 6 weeks of your wedding. Priority editing clients will receive their images in their completed gallery within 3 weeks.

How many images will we receive and will they be retouched?

On average, you can expect 100 images per hour. However, it can depend on the flow of your wedding day. The images you receive will be color corrected and will come in a variety of color and black & white. I retouch a select handful of couples portraits. If you have any specific requests, please let me know and we can discuss.

Our wedding is out of town. What do you charge for travel?

Depending on where your wedding will be, I may just need 1-2 nights hotel and gas money. If I need to fly there, then I would require airfare for myself and my assistant and 2 nights hotel.

How far in advance should we reserve our wedding date?

I've had clients book me over 2 years in advance. I've also had last minute bookings only 2 weeks out. I definitely start filing up the most around 6-12 months out.

Thank you...

sooo much for looking through everything!
That was a lot to take in! Since you're still
here, you obviously have great taste! If
everything sounds great (how couldn't
it?!), then let me know how we can get
this party started!
