# Welcome

Thank you for your interest in having me shoot your wedding! Your wedding is one of the most important days of your life. It is an honor to even be considered to document such an event. One of the most instrumental aspects of my business is to provide an exceptional client experience before, during and after the wedding event takes place. This is done through careful planning and preparation. We will work together to create a timeline that allows you to receive the very best photography product as well as to actually enjoy your wedding day!

Please do not hesitate to reach out with any questions. I look forward to working with you!

# Your Wedding

## **GETTING READY**

Getting ready is more than zipping up your dress and straightening a tie! This is the time when the bulk of your wedding details will be captured. Careful planning and construction will be spent on making this part of the day seamless.

## **CEREMONY**

Transitioning into the ceremony can happen in a number of ways. Perhaps you would like to see each other prior to alleviate those wedding day jitters! We can create opportunities to shoot different groupings between the getting ready portion of the day and when the ceremony takes place. Know that every moment will be captured while you exchange your vows with your love.

## **GROUP PORTRAITS**

Rest assured, I have a detailed plan when it comes to taking those family photos! Careful planning and execution will make this portion of the day move flawlessly. I strive to shoot a great core set of images with the wedding party and allow enough time to make some or all of your cocktail hour if you wish!

## **COUPLE'S PORTRAITS**

Through out the day we will capture a variety of images of you together as a couple. Our favorite part of the day is always our last set of images (at sunset)!

## **RECEPTION**

Finally! A time to kick back and relax. Dinner, Speeches, and the cake cutting are just a few of the events to potentially plan for. Every wedding is different and unique. Trust that I will capture everything, down to the smallest detail!

### 1. PHONE CONSULTATION

Let's chat and get to know each other first. You can also me any underlying questions you may have, and we can go over your date and what exactly you are looking for regarding photography on your big day. We also may gush over your wedding colors and the way they proposed!

### 2. CONTRACT AND RETAINER

Our booking process is extremely easy and entirely online! If you decide you would like to move forward, a contract will be sent to you to go over and sign via email. At the time the contract will go over how you pay your retainer. The retainer is put towards your selected wedding collection.

### 3. QUESTIONNAIRE

Six weeks prior to your wedding you will be sent a detailed wedding questionnaire. I require this to be completed before we have our final meeting (or phone conversation) to make sure we can come up with the perfect timeline and plan!

#### 4. FINAL MEETING

Within two weeks of your wedding we will set up a final meeting (usually over the phone). We will go over all aspects of the wedding day, including timeline and any last minute changes or additions to the schedule!
