Wedding Guide

HELLO AND WELCOME

MEET ROBERT OLIVER PALMER

Hi, I'm Robert, Owner & Principal Photographer of Brooktree Studios. Photography has always been a way for me to capture what was happening around me, and for years that is exactly what I did. I took my camera everywhere I went and always tried to look for beauty in unusual places!

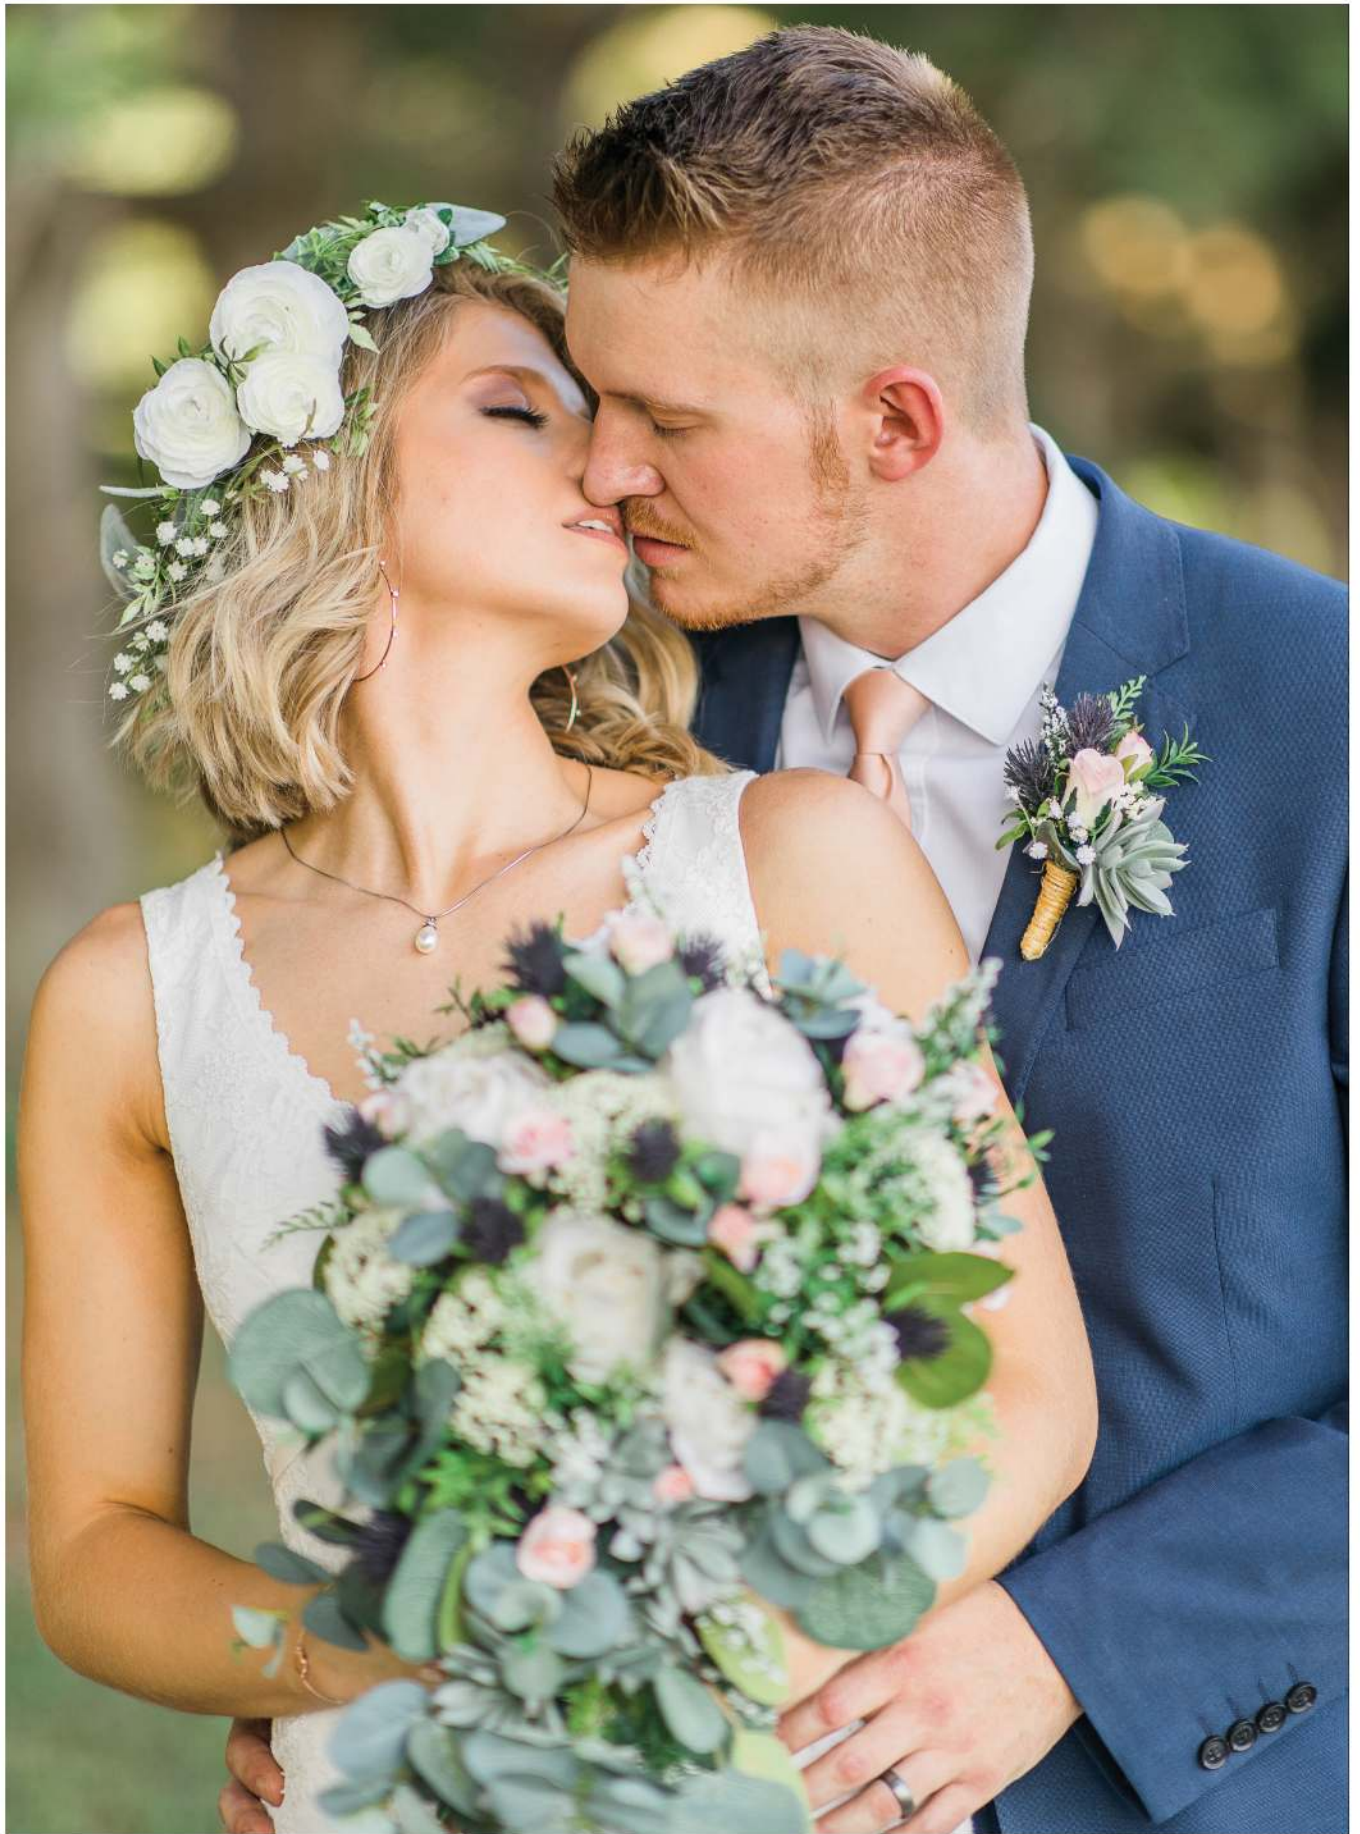

I absolutely love sharing such a special day with my couples, and the relationships that I build along the way is an amazing bonus! When I'm not photographing weddings, I'm taking pictures of my chihuahua Chloe or my restored 1975 Corvette. I also love to travel, cook, and try new things!

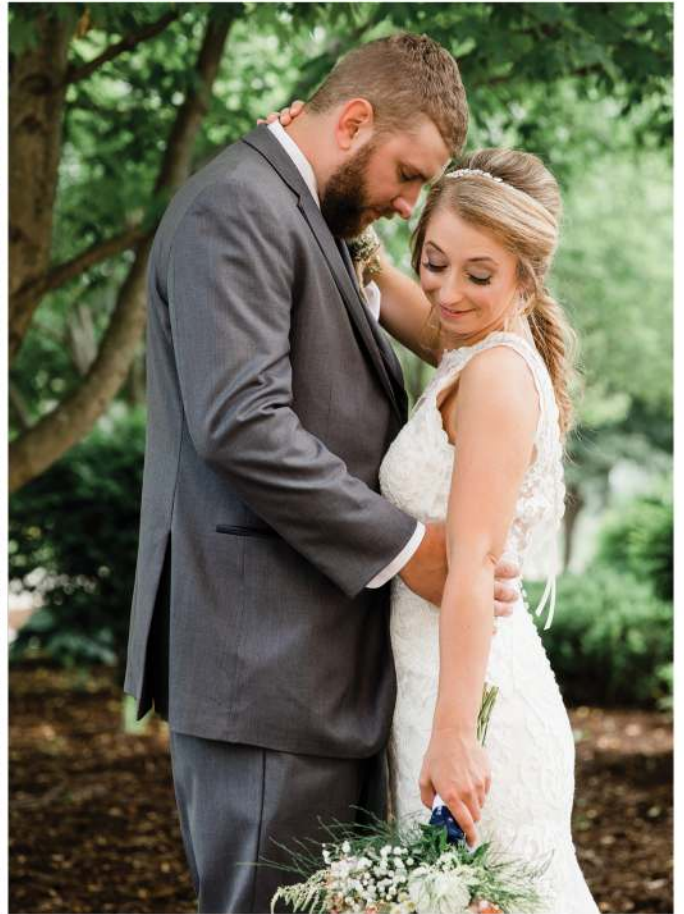

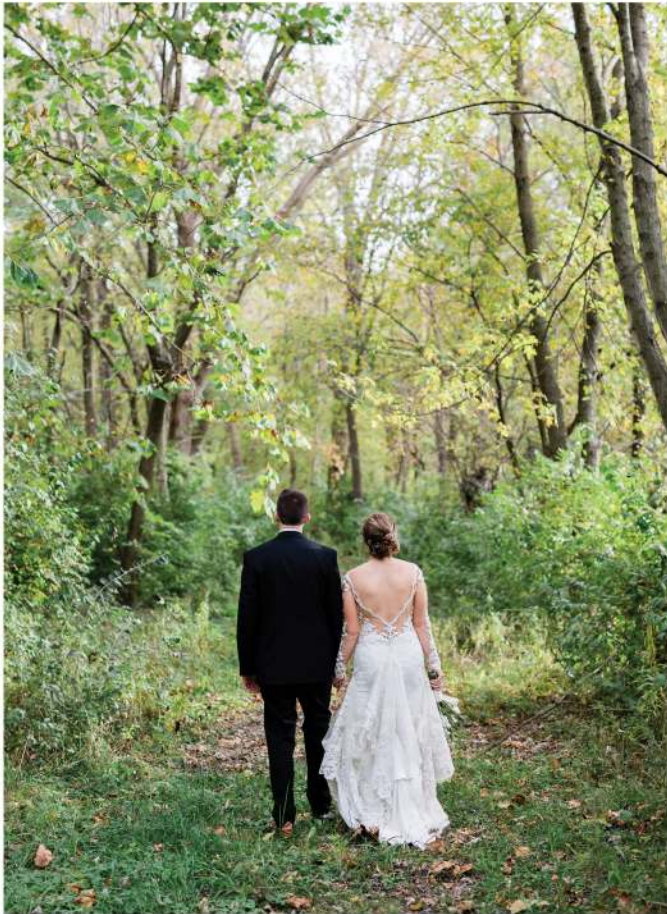

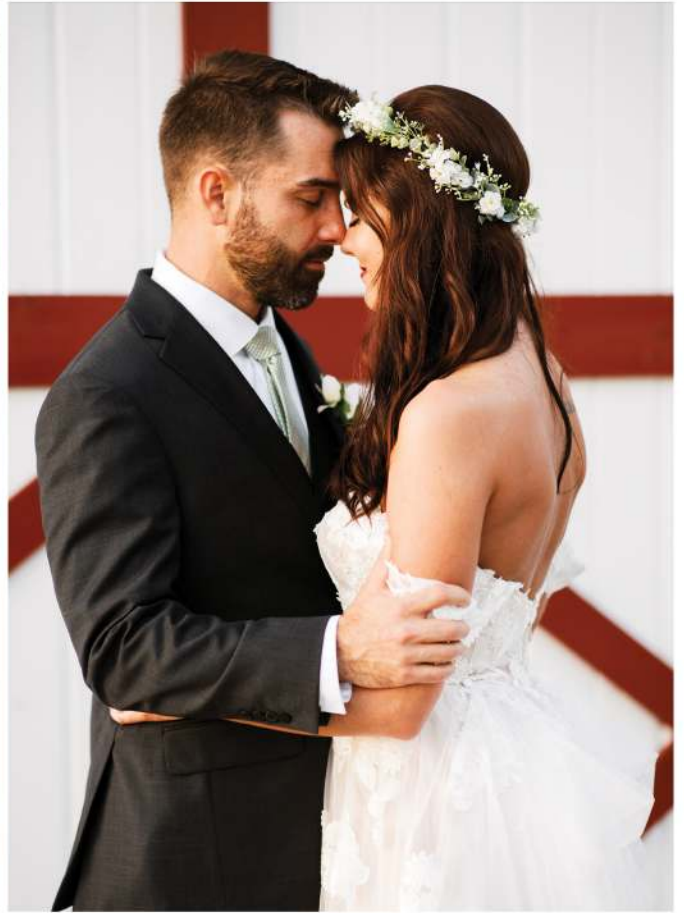

- Robert

MY PHILOSOPHY

"I find joy in connecting with people and building relationships.
I find joy in documenting their stories and preserving fleeting moments.
I genuinely find joy in life."

The Experience

Planning a wedding is complicated enough as it is! Let me help you get the most out of your photography. Below I will go over how you can best prepare for your wedding day timeline, what you should expect from your portraits, and how my online book keeping works! Feel free to reach out if you have any additional questions!

WEDDING DAY TIME - LINE PREP

While you are building your timeline, it is important to allocate enough of your day to ensure that everything important is documented. I advise brides to leave 30 minutes of time in the morning in order for me to take detail photos. It gives me time to put together the bouquet, rings, and all of your other accessories in a beautiful location so you will remember them for years to come. I also like to leave 45 minutes for getting ready photos. We want to make sure to have all of time we need to get everything from make-up, hair, to putting on your dress. It helps to have a second photographer who will take care of your partner getting ready as well. While it might not take them as long, there are still some great photos there!

WEDDING DAY PORTRAITS

Breaking up your portraits throughout the day will help keep you from getting worn out. I like couples to allow me time to take portraits right after getting ready, after the ceremony, and again at sunset for a few minutes. This will ensure that we have a variety of locations and lighting conditions for you to have in your gallery!

PAYMENT

I want to keep things as simple and as easy as possible for you and your partner. Using my online management system, I am able to set appointments, send contracts, and collect payments straight from your phone or computer! I can also send questionnaires and make notes in our own personal space to make sure nothing gets forgotten!

When you book with me there is a retainer due to hold your date, with the remaining balance due 30 days before your wedding; it's that easy!

The Experience

FIRST LOOK OPTIONS

Having a first look is purely personal choice! It will allow us to take some portraits of both of you before the ceremony, which helps free up time later on in the day when you want to party! When you have a first look, it also allows you to get some great reactions from your partner, make sure to bring some tissues!

SECOND WEDDING PHOTOGRAPHER

Why would you pay more to have a second photographer at your wedding? A second photographer is a great investment if you are interested in having extra, candid photos of your guests throughout the day. While I am taking portraits of you and your partner, they can be at the venue taking pictures of your family and friends! You will miss quite a bit on your wedding day, a second photographer can help you look back on the things you weren't there for!

USE OF ALL IMAGES

There is nothing I love more than seeing my clients print and display their photos! Why spend a significant amount of money on your wedding photos just to leave them locked up on your phone? I make it easy for you by providing an easy to use online ordering system for all your print needs!

ALBUMS, SAVE THE DATES, AND MORE

There are countless ways you can use your photos and I have seen them all! I am more than happy to work with you in designing your save the date cards, albums, and other printed products that you will need for your wedding day. My goal is to make things as easy as possible for you in any way that I can!

PRINT PRODUCTS

Print products are
sold separately.

Ask us for more details.

"Robert was a fantastic photographer for our engagement photos and wedding. We spent a long time looking for a photographer who not only had the candid style of photography we wanted, but also meshed with our personalities and make us comfortable in front of the camera. Robert pulled all this off, and more!"

"Robert was a fantastic photographer for our engagement photos and wedding. We spent a long time looking for a photographer who not only had the candid style of photography we wanted, but also meshed with our personalities and make us comfortable in front of the camera. Robert pulled all this off, and more!"

-Haley & Brian

"Working with Robert was an inexplicable dream come true. We connected with the first contact call, and as my husband and I live many states away, we were able to communicate our crazy wedding plan, taking place in a remote location, and not only was Robert on board, had ideas to make it even more. We are more than grateful for the experience and the forever memories that Robert created for us!"

-Sara & Dan

Robert made my wedding day a Breeze! He knew exactly what I was Looking for. He gave great direction to get us beautiful shots and played off our destination using different areas of scenery that were available to us. It was a very natural and enjoyable experience working with Robert and it wws nice he shared his excitement for what he was capturing for us on our wedding day. It was like we were working as a team the entire time!

-Rachel & Chris

We could not have had a better experience with a wedding photographer than we did with Robert! We met several months in advance of our wedding to map out exactly what we wanted (and didn't want!), then again just a couple weeks before wedding day. Each time, Robert made us feel so comfortable about the whole experience -- he was easy to talk with and he totally got what we were looking for in our wedding photos. On wedding day, he was SO easy to work with -- we quickly got through all the posed photos on our list and then he just melted into the background. When we got our pics back just a couple weeks later, there were so many that I didn't even realize he shot -- it was amazing to see! The photos are absolutely beautiful, I could not possibly be happier with the result! Robert is amazing!

-Denise & Matthew

Robert was incredible to work with! He was down to earth, relatable, and funny. We really liked the style of his artwork. That and his personality are what made us choose him, and we are so happy we did. He helped us when we didn't know what we wanted and was always prompt to respond to emails and texts. Overall we are extremely satisfied with the whole process. Brook-tree Studios comes highly recommended!

- Andrew & Kelly

THANK YOU SO MUCH

I consider myself to be the luckiest man in the world since I get to photograph people's love stories, whether it is on their "big day", or even their engagement! I'd love to connect and learn all about you and how you want your memories captured. Lets start working together to make sure the memories of your wedding will last forever!
