*We have what you need for any occasion!*

## Who We Are

### About Us

Royalty Rentals sprang from the idea that customers should be treated like royalty. We understand our customer's needs because we have BEEN the customer. You shouldn't have to worry about your linens being cleaned, pressed and without stain or your tables having splinters or chips. We also believe that you shouldn't have to think about who to bribe to come and help you set up hundreds of chairs and tables on the day of your event. That's why we take care of all of this for you at no additional cost. It's our service and commitment to you.

Our solutions to these concerns and countless others have been the reason for our success in the rental industry. Our business continues to grow at a rapid pace as each day we base our decisions and service on the idea that, to us, your event is more than "Just a Party" and since you are royalty, you should "Let Us Serve You!"

-Joe and Kylie (Owners)
