FREQUENTLY ASKED QUESTIONS

HOW WOULD YOU DESCRIBE YOUR STYLE?

Our style is best described as a blend of photjournalism and creative portraiture. For the majority of your wedding day, we'll stay behind the scenes, documenting the joyful, candid moments that are happening around us. We also like to have about an hour with the bride and groom and wedding party to create artful portraits, where we'll guide you into the most flattering light and poses, creating portraits that have a very relaxed, natural feel.

HOW DO I RESERVE MY DATE?

To reserve your date, we require an electronically-signed contract and a deposit of 50% of your package total. The remaining balance is due 30 days prior to your event.

WHEN WILL WE RECEIVE OUR PHOTOS?

We'll send over a sneak peek within one week of your wedding, and will have your full gallery ready for viewing within 30 days.

WILL I RECEIVE THE HIGH-RESOLUTION IMAGES?

Yes, you'll receive all of the edited, high-resolution, non-watermarked images with printing rights, meaning you can have prints made whenever and wherever you like, without going through us. We're also happy to assist you with print orders.

WHAT SEPARATES YOU FROM OTHER PHOTOGRAPHERS?

Our clients like that we're a husband and wife team who has been working side by side for over 15 years. We're an experienced and cohesive team for you on your wedding day, and our clients like knowing exactly who will be there working closely with them, capturing all those wedding day memories.

“If there ever was a definition of a dream team, Jennifer and CJ are it! The Nichols came highly recommended to us by several of our vendors, a testament to their stellar reputation as to who they are as people and their immense talent.

We could not feel more lucky to have these incredibly skilled and wonderful people as our wedding photographers.”
