

TapSnap Weddings

Capture Your Moment

We're here to grant your wedding wishes with customized photo booth packages that are designed to fit any budget, venue or vision.

Why TapSnap

Experts in Event Entertainment

With over 10,000 events per year, and 100+ locations, TapSnap is a leader in event entertainment. We have local experts in your city that are committed to making your wedding a success.

Our state-of-the-art, open-air photo booths are digitally integrated and fully customizable, creating fun and engaging event experiences for party guests.

Photo Booths

Your photo booth rental comes with social media integration, unlimited, high-quality 4X6 photo prints, and an event specialist to ensure that your photo booth experience runs seamlessly.

Our **TapSnap 42** is our go-to showstopping crowd pleaser, perfect for group shots.

Our **TapSnap Studio** is designed for small, intimate weddings while delivering the same high quality photos as our larger model.

The **Mobile Photo Studio** can capture candid shots of your guests during cocktails hour or during the reception. Use it as a standalone or in combination with one of our other photo booths.

Mobile Photo Studio

TapSnap Studio

TapSnap 42

Mobile Photo Studio

Our mobile photo studio is a discrete way to snap those candid moments at your wedding. It allows you to capture every moment of your special day and ensure that everyone is included in your memories. It can also be used in combination with our photo booth to enhance your Big Day.

Operated by a TapSnap
Attendant

Instant Sharing

Weddings are a time for celebration, as well as collecting lasting memories! The Mobile Photo Studio encourages guests to participate in the day through direct uploads to Facebook, Instagram, Twitter, or email all from the unit itself.

Add a Printing Station

With the addition of a printing station, photos from the Mobile Photo Studio are ready for guests to collect as soon as the photographer captures the moment. Photos can also be sent to one of our other photo booths and printed instantly. Printing creates the perfect wedding party favor for guests with print layouts to match your wedding decor or theme.

How It Works

Our open-air, digitally-integrated photo booths make it easy for guests to tap, snap, and share event pics online, or print them as keepsakes.

1. Tap

Our friendly on-site Event Specialist will be there to set the stage. Once guests are in place, they tap the start button, watch a 3,2,1 countdown, and strike a pose!

2. Snap

Guests choose from a catalogue of design options like props, filters, backgrounds, and animations, and can draw or write messages using our touch screen technology. Our digital features make it easy for guests to create personalized photos - in a snap!

3. Share

With the touch of the screen, guests can share their favorite event pics directly to their social media profiles or via email.

4. Print

We also offer unlimited 4x6 prints for guests to share or take home as a keepsake. Snapped with a professional DSLR camera, our prints are high quality, perfect for photo albums or wall displays.

Digital Features

Digital Props | Animated Green Screens | Green Screen

Overlay

Personalize every photo with your wedding theme or monogram.

Green Screen

Whether you're looking for a beachfront background or a space scene, we offer a variety of green screens to suit any theme.

Digital Props

Drag and drop graphics to your photos with the touch of the screen.

Animations

From boomerang-style gifs to immersive animated experiences, animations are a great way to get guests moving.

Photo Collages

Choose from several different collage layouts. Similar to a traditional photo booth, collages make for a unique keepsake of your Big Day and provide guests with a dynamic and fun way to become involved in your event.

Beauty Mode

You and your wedding guests are VIPs, so add a black and white celebrity look to your photo booth with TapSnap's Beauty Mode. Smooth and soften skin features with the ultimate addition to an elegant photo booth.

Backdrops

Every detail of your event matters to us, including the perfect photo booth backdrop! We offer a variety of different options that will seamlessly coincide with your venue or theme. Sequin backdrops will help you achieve a more traditional look, or if you're feeling more adventurous you could have fun with unlimited green screen backgrounds.

Further Personalization

Your photo booth comes with fully-customizable real estate to make your special day truly unique!

1. Desktop Screen

Customize the user interface to highlight your signature look.

2. Vinyl Wraps

Let us design a made-to-order vinyl wrap to completely skin the front of your photo booth.

3. Sharing Site

Carry you theme over to your automated emails and Sharing Site. Guests can download or share their photos to social media directly from here.

Optional Add-ons

Sharing Station | SnapCast

Sharing Station

For weddings with large crowds, the sharing stations will keep the lines moving. This standalone unit allows guests to share their photos online quickly and seamlessly.

SnapCast

Broadcast your wedding pictures across the venue. Photos can also be streamed live so friends and family who are unable to attend can join in the fun.

Testimonials

We do hundreds of weddings every year and we make it our business to make your Big Day a huge deal for us.

"TapSnap provided the VERY BEST photo booth I've ever experienced. The staff was amazing from the time we first spoke to them months ago, to the day of the wedding. The props and backgrounds made for wonderful pictures that Clif and I will cherish for a lifetime. If I could give 10 stars I would."

Brooke Givens Holloman

"You guys are such a big part of our night's success. We can't express how grateful we are. Thank you!"

Clayton & Leila

"Where to start?! I did my research. Once on the phone with TapSnap their customer service was spectacular!!! What a plus. I hired them pretty much on the spot.TapSnap was phenomenal!!! We had a roaming photographer during the cocktail hour that was just amazing. It truly helped our guests get into party mode! Then came the main event...All I can say is that my guests had a blast with the photo booth! THANK YOU for making our wedding simply spectacular!!!"
