

CHRISTY ANNA
PHOTOGRAPHY

2022 + 2023 WEDDINGS & ELOPEMENTS

It's Christy!

I received my Bachelor of Fine Arts with a concentration in photography from the University of Texas at San Antonio in 2013. From fashion, weddings, portraits, and more, I aim to bring a creative and comfortable space to all of my sessions. I love to play around with retro vibes and moody tones while also creating authentic moments curated just for you. I can't wait to work with you!

"I LOVED LOVED LOVED
having Christy be our
photographer!"

"I LOVED LOVED LOVED having Christy be our photographer! If you are looking for a stress free vendor! Christy is the ONE for you! She took our wedding and engagement pictures and both me and my husband have never felt better or more beautiful than in the pictures Christy took. She made us feel so comfortable and relaxed. I had some other vendors who were not communicative at all but Christy was always quick, responsive, and organized! She always went above and beyond making our day and photos special and I honestly could not be more grateful!"

Christy is AMAZING -- I'm so glad we chose to work with her for our wedding.

Not only is she an incredible photographer, she's also a total joy to work with. Our engagement + wedding photos are all completely stunning thanks to her total professionalism and creative eye. Highly recommend to anyone looking for the right person to capture their special day. "

"Everything about this photographer is amazing! She is extremely kind, professional, and fun to work with. I couldn't be happier with my engagement and wedding photos! They are stunning! This means a lot coming from me because I typically hate photos of myself. I recommend Christy for any and every occasion!!!"
