About Magnolia Affairs

Magnolia Affairs was created by a northern girl turned southern...and then northern again! Starting out in non-Profit event planning, Karina made the move south with her hubby to pursue wedding planning. As one of the top destination Islands, Hilton Head was a natural fit! She is in love with the South Carolina lowcountry and natural beauty that surrounds her- from the live oaks dripping with Spanish moss to the Southern coast line. Her husband's job brought them back up north to another one of the East Coast's top islands: Nantucket!

A island off the coast of Cape Cod filled with quintessential New England charm! She now services New England and the Lowcountry! She spends the time really getting to know each couple she work with so she can create a wedding experience better than they ever imagined!

About Me

Originally from New Hampshire, Karina has found two wonderful island's to call home- Nantucket and Hilton Head. She graduated from Rivier University. The first events she planned were fundraising events for non-profit companies including The Music Hall of Portsmouth and Dartmouth Hospital. After assisting in the planning many of her friends and family members with their own weddings she fell in love! She now spends her time 50/50 on both islands planning beautiful weddings! She in love with her 2 rescue pups (obv a fan of doggy ring bearers and flower girls)..oh and her hubby <3

Reviews

We are so thankful for the reviews we receive from our couples. Please take a moment to read about their experience with us!

(These are two of our most recent- there are many more on our website!)

Liz & Seth

"I began working with Karina over a year and half ago and what a wonderful year and a half it was! My fiancé proposed and I ventured out to find a wedding venue and by chance found myself the best wedding planner I could have ever asked for! Karina was extremely accommodating, being that I was a local bride and a teacher, she was always willing to meet me at coffee shops around town town and even evenings to make sure she was accommodating my schedule! I am also not originally from the area so my family was all out of town, and having Karina there was like having a second MOH! My favorite thing about Karina was she knew how to perfectly handle my anxiety and to always reassure me that everything was going to be perfect. She listened to me and gave the best advice when it came to the difficult wedding decisions! There was a time in my life where I thought, yeah I can plan a wedding myself, looking back, I truly do not even know what I would have done if I did not have Karina by my side. Trust me it is so worth it! The stress that was relieved from me the month before my wedding, and especially the week of my wedding was worth gold to me. She took care of everything so I could spend the entire week with my family. From making phone calls, to decorating, and to ultimately making my wedding day the most amazing day I could have ever asked for! My bridal party and family have continued to even rave over how amazingly planned and organized my wedding was! Karina is an amazing person inside and out and will make your wedding day everything you dreamed of and more! Thank you Karina, Seth and I are still so honored to have had you be apart of our special day!"

Kaitlin & Drew

Karina is absolutely fantastic! . From our very first meeting Karina put us at ease and assured us that we were a priority to her. Her warm and welcoming demeanor made her so fun to work with. Communication was a breeze with Karina. Depending on what we needed to accomplish we were able to have a quick phone call or facetime meeting and she responded via text/email so quickly. On top of being super organized, Karina came ready to share ideas to help enhance our day. The last month before our event Karina was invaluable. From helping settle nerves to coordinating day of vendors, we literally had NOTHING to worry about with zero hiccups. Thank you so much, Karina!! We couldn't have done this without you.
