All photographs that are taken by Michael Wilson and will be delivered to you on a hard drive. There will be edited images that are both print and web display ready as well as all the other "outtake" pictures in large format jpegs. I firmly believe that no images should be held back from a couple. All images come with a printing license and nothing will be watermarked.

I take a great deal of pride and care when it comes to print quality. I offer a wide range of prints and books that will tell the story of your wedding day from start to finish. If anything is printed and I do not feel it is truly awesome I will have it reprinted, at my cost, until it meets my ridiculously high standards for prints.
