OUR PHILOSOPHY

Capturing the real side of people, the loud and quiet, the inside jokes, the busting laughs, is what we love the most.

We would like to learn about your love story, the things you love most about each other, the things that make you cry. Learning about your favorite memory of each other, helps us portray your entire love story through the imagery we take.

If you are looking for someone who is all about capturing the unique, perfectly imperfect things that make you you, then we might just be the perfect fit.

PETAR MADZHUROV

BEHIND THE CAMERA

'Every couple is special and has a different story of how they met. Every couple is unique and capturing that special day and moment for me is priceless!

This is what I fell in love with and now it's time to tell your story!

My name is Petar and being a photographer has given me the wonderful opportunity to be part of my clients' most memorable and special days. I started my career as a wedding photographer back in 2007. Ever since I have been blessed to create my own piece of art where I express people's emotions through my photos. Wedding photography can incorporate many different styles and I like to use them while photographing some of the most memorable events for my clients. My style is a mixture of candid, traditional, photojournalistic and artistic. Photography is my passion and I like to reflect that in my work.

YOUR WEDDING DAY

We're forever in pursuit of the authentic.

The small in-between moments where laughter is natural and tears can't help but fall. These are what we look for when capturing your wedding day. Capturing as many of these moments as possible so they last a lifetime.

This is how we view our job, not just a camera taking pictures but a friend who is trusted to freeze these beautiful memories to be enjoyed for all eternity.

Petar was AMAZING to work with for my wedding! I really wanted a photographer who was able to take traditional, fun, candid and beautiful photos of my wedding day. Petar not only met all of my expectations, but he exceeded them! He did a wonderful job at capturing the wedding day with pictures that I will cherish forever! He was also really flexible with meetings before the wedding date, was very respectful of my budget, and was easy to work with the day of the wedding. I've heard horror stories of awful photographers the day of the wedding- please avoid that and go with Pixsight!! You will not regret it!!

An engagement shoot is a great way for us to get to know each other. The great thing about engagement photos is that we can be as creative as we want, spend a little more time taking each image, choose great locations and there is no pressure.

Plus, we always have a great time! It is also a great opportunity to test your makeup artist and see how well everything photographs before the wedding.

SECOND PHOTOGRAPHER

Have you thought about hiring a second photographer?

There are many benefits to hiring a second photographer. One of the main benefits is that a wider variety of images can be captured from multiple different angles. Therefore we can achieve better coverage and capture more once in a lifetime moments.

During a wedding day, there are countless split second, once in a lifetime moments that happen. Having a second photographer means that we capture as many of these moments as possible.

FROM BOOKING TO RECEIVING YOUR PHOTOS

It took me a while to write this review because i dont even know where to begin. Petar the owner did our engagement and wedding pictures. The results were over and beyond our expectations. There are some photographers that do all those fancy special effects but Petar is not only creative but most importantly captures EVERY single moment and emotion! Petar has a very kind and patient personality and loves what he does and it shows. I am also a wedding planner and I will recommend PIXSiGHT over and over again! Thank you so much Petar for your professionalism and capturing every detail of our special day!

FAQ

WHERE ARE YOU BASED? AND DO YOU TRAVEL?

We are based in Schaumburg, IL , but we love to travel! We want to make sure it is an affordable and easy experience for you both so we're more than happy to discuss and send through a customized quote before locking you in!

WHAT IF IT RAINS?

Nothing will get in the way of making your day special! We will use umbrellas or look for the perfect undercover area. As long as you're happy to roll with the punches then we are too! A little wet hair and rain kisses are super romantic anyway.

DO YOU GIVE US THE RAW IMAGES?

To put it simply, no. When you hire us, you are hiring our style and trust us to bring our creative interpretation to your day, The editing process is equally important as the photo-taking part. You will receive high resolution jpg files with release form.

HOW LONG DOES IT TAKE TO RECEIVE OUR PHOTOS?

Our turnaround time is about 1 week from the wedding day.

Our team works around the clock so you can receive your beautiful photos as soon as possible.

WE DON'T LIKE POSING AND ARE BOTH A LITTLE AWKWARD?

That is perfectly fine! We will talk you through it and make you feel as comfortable as we can. We will suggest a few poses to make sure you're both looking and feeling confident, but then will give you direction and play around to let it naturally unfold from there. Forget about the cameras and remember why you fell in love. If this is something you'll worry about - we highly recommend booking in an engagement/couple shoot with us! This will give us a chance to get to know each other and answer any other questions/worries you may have.

DO WE NEED TO FEED YOU?

Yes, please! We will be on our feet all day and need our creative juices to keep on flowing! Your venue will offer vendor meals. All we ask is that you let your coordinator know that we need to eat at the same time as the bridal party and guests as we need to be available to continue shooting.

HOW DO WE RECEIVE OUR PHOTOS FROM YOU?

We will deliver an online gallery to you which allows you to download your images.
