

Mogue

FILMS

Thank you for your interest in including Mogue Films on your wedding day. Our goal is to deliver a high quality cinematic masterpiece that you and your loved ones will cherish for the rest of your lives.

We currently offer three packages. The main differences between the packages are the lengths of the edited highlight reels.

If you are looking for something other than items specified in the packages, for example if you desire day-of documentation only without edits, or specific "à la carte" products or services, such as a ceremony edit only and no highlight reel, a custom estimate and package will be offered after we discuss your needs.

If you are having a multi-day wedding, or are planning any non-traditional activities that would require more time, work, and/or equipment, a custom package will be offered after we discuss your needs.

In addition to all the end products listed in each package, you will also receive ALL the raw footage from your wedding, even footage not used in any of the edits.

An additional travel fee may be added to the package price, depending on the location and length of your wedding.

A 50% deposit will be required at the time the contract is signed by both parties. The remaining amount must be paid on or before your wedding date.
