A WEDDING IS A PART  
OF YOUR GREATER  
LOVE STORY.

MAKE IT TIMELESS,  
COLORFUL &  
UNIQUE. IN THE END,  
YOUR JOY & LOVE  
MAKE IT SPECIAL...

Hooray! You're getting married!  
There is nothing better than  
stepping through life with the  
person you love!

Weddings are colorful and joyful celebrations of your partnership- and your gallery should embody that joy! My style is a mixture of romantic, timeless portraits and the fun, candid moments. All images are edited true to color and retouched to give them the high-quality look that pops off the page.

I love shooting weddings because every couple is unique and every wedding is special. I love shooting anywhere that is full of color with gorgeous natural light. Whether it's Laguna Beach during sunset or the Los Angeles Arts District, I want your images to be vibrant and timeless--all while reflecting the authentic, honest emotion of that you share with your partner. Every wedding and every couple is different. Ultimately, this gives me countless opportunities to be artistic and get creative!

I am here to help guide you in every step. From planning the engagement shoot to designing your final album spreads.

Let's make something beautiful together!

# The Client Experience is Everything

## **ENGAGEMENT SESSIONS**

Engagement sessions are my absolute favorite! Think of it as your perfect date night celebrating getting engaged -- an excuse to get dressed up. Where we go is up to you but I am here to help with choosing the perfect place. Sessions typically last 90 minutes to 2 hours. I will guide you through posing so that you feel relaxed and natural in front of the camera. Multiple locations and outfits are encouraged!

## **PRE-WEDDING CONSULTATIONS**

There is so much that goes into a wedding and it can feel overwhelming. From sample timelines, pinterest mood boards and consultations to talk things over-- I got you covered. I suggest a pre-wedding consultation about 4-6 weeks before your date to hash out the final details.

## **POST-WEDDING/DELIVERY**

Wedding collections typically take 6-8 weeks for delivery. All images are fully-edited, color corrected and retouched to meet the high-quality look that is consistent with my style. For those curious, I use a mixture of Lightroom and Photoshop for every single image in the final collection. Collections are delivered via a personalized /private online gallery where you can download your photos. Gallery wraps and other prints are also available to purchase.
