

## FLORAL INVESTMENT

We would love to sit down with you, explore your floral vision and discuss the prospect of us working together! We understand that your wedding is unique and may be an elopement, an intimate gathering for 50 or a larger celebration of 200+ and because no wedding is the same, much like our designs, we look forward to meeting with you and discussing ways to tailor a specific plan to suit your needs. April Flowers has a design collection minimum of \$3,000 (\$4,500 for Santa Barbara County, \$6,000 outside San Luis Obispo/Santa Barbara Counties). To give you an idea of what your floral investment may look like, we've put together this pricing guideline in hopes that it would be helpful to you in the planning+budgeting process.
