Welcome!

*The images

Congratulations! You're engaged!
I'm so honored that you're considering having me spend your wedding day alongside of you!
Wedding photography is a lot of things, but most of all it's an investment into something that will last a lifetime. When the wedding day is done, the cake has been eaten, the dress has been hung, you are left as newlyweds with your photographs. I couldn't stress more the importance of your wedding photography investment!
Spend some time reviewing this guide. If after reading this you feel like we'd be a great fit for each other, let's meet up over coffee to discuss your needs and vision for your wedding!

Allow me to *introduce myself.*

Call me Jess!

I'm 25 but an

old soul at heart and you'll frequently find me reading books and listening to classical music. I

grew up on a dairy farm in Pennsylvania and have a deep appreciation for hard work, simple living, and old fashioned values. (Milking cows every morning will do that to you!) :)

I now live in Farmville Virginia with my husband Steve, who is hands down the better part of us and I brag on him every chance I can get!

We are spontaneous people, a bit introverted but always up for a new adventure.

My photography is natural, classic, and authentic. I focus on catching moments as they happen-no stiff posing!

My goal is to provide you with a gallery of beautiful images that tell your story, bringing those memories back to life every time you look at them.

I absolutely LOVE the relationships I make in this business; my clients become my friends. I love to make couples have fun and feel comfortable in front of the camera!

Kind words

from my brides and grooms

Choosing your wedding photographer is a big decision! While I always strive to make your experience the absolute best that it can possibly be, allow me to share with you a few words from some couples I've had the privilege of working with in the past!!

Jessica did a fantastic job! I would hands down recommend Jess to anyone. She did both our engagement and wedding pictures. We love them! Our pictures look so natural and she knows how to capture the light. She is so personable and made us feel comfortable.

-Tyler & Nicole

I seriously couldn't have asked for a better wedding photographer. Jess was fun, professional, and super efficient in arranging everyone. She knew just how to pull everyone together, and handled herself with confidence. Our smiles were real as she kept us laughing! The pictures totally met my expectations and beyond. I would recommend Jess as a photographer to anyone!

-Timothy & Megan

Jess is fantastic! She's so sweet and so professional! She is on time, fully present and prepared for everything.

She even can button super hard wedding dress buttons when needed! Her photography has such a classic vibe that the pictures are timeless.

She quickly replies to emails and quickly sends out albums - just a day over two weeks for 1050 pictures after our wedding. Jess is super easy to work with and tells you just what you need to do for great looking pictures! I've loved having Jess alongside with me during this process and wouldn't have wanted anyone else!"

-Danny & Nikky

Beautiful photographs by a beautiful photographer. Jessica is quiet and almost unseen but snapping perfect photographs of our big day. Also included an engagement shoot, which we are glad we did. Photos arrived well packaged and quickly. Flexible and professional. She clearly loves what she does and does it fantastically well! No regrets. Would hire again for photography needs.

-Kevin & Kirsten

Jessica was very sweet and professional. She did her job quickly and effectively, we didn't feel exhausted from taking pictures. And she was great with dealing with big groups. I love my photos and would highly recommend her.
