

General Information:

- We have been operating as a Knoxville based food truck and catering service since 2014.
- We provide what we refer to as “casual catering” for weddings and special events.
- We provide basic paper and plastic table ware, (plates, forks, cups, etc,) or serving items like tea urns. This allows us to keep our pricing at our very reasonable rate. If the host wants more fancy items, we welcome them being supplied by the host.
- We typically serve the general Knoxville, TN market, and surrounding counties. We are open to discussing a wider radius, for a possible travel fee.

Price:

- \$12.50/person, with a \$750 minimum, + sales tax and gratuity
- We are pleased to travel up to 100 miles to your selected venue from our facility in the Knoxville area.
- We do not charge any deliver/setup/travel fee for any venue location up to 25 miles from our facility. We will utilize mapquest.com to calculate any applicable such fee, but taking the distance and travel time they list from our location to the venue, and entering this into a travel fee calculator we have utilized for several years. If this calculates a \$0 fee, we will charge \$0. If it calculates \$1.42, we will charge \$1.42. If it calculates \$279.28, we will charge \$279.28. As such, we do not have a flat travel fee. We want to be fair to both sides of this agreement. Utilizing this calculator is the fairest method we have found yet.

Service:

- Pizza buffet for up to 2 hours
- Variety of pizzas on the bar at all times, made with basic pizza veggie and meat toppings
- Gluten free and vegan options are available for an additional charge
- We will honor any specific dietary requests like, “no pork” if requested
- Number of pizzas on the bar goes up and down based on the demand
- Salad (Caesar or tossed with 2 home made dressings)
- Water based drinks, choice of iced tea or lemonade
- We typically place the salads and drinks on a table near the dining area, but prefer the pizza buffet to be at the pizza oven for faster refilling.
- If the host wants the pizza buffet at a remote location, we do not provide runners in the base price

Service ware:

- To keep base pricing low, we provide basic paper plates, napkins, plastic cups and forks. Drinks are provided in one gallon jugs. The host is welcome to provide fancier items if they wish.

Process:

- We request the host to contact us by phone 865.271.8302 to discuss the details in general. More information can be communicated faster than via email or texts.
- We will want to start an email thread, confirming any details discussed. This provides both parties with an information source to always refer to.
- Before contracting, we always want to do a site visit with the host to the event venue. This is to insure we can access the venue, and to understand the event logistics at the venue well prior to the event.
- At the site visit, is when we will sign the contract: 50% down at signing, the balance 50% the Tuesday before the event.
