

328a King St. Charleston, SC 29401

We are D&M Productions, a locally owned and operated production company with over 15 years of experience. We not only master music and lighting but also bring professional and personal attention to every detail throughout the process. We handle & execute each event ourselves starting with a free consultation. Our goal is to continue to be the best production company and dj's in Charleston.

We offer an extensive music library with access to more than 450,000 songs including one of the largest collections of dance music and remixes that is sure to get the party going! But keep in mind we usually create a custom playlist for our clients and keep the music on track with our clients requests. After all this is your party/event.

With a remarkable ability to understand and read the crowd we consistently meet the expectations of our clients. We are DJ Trevor and DJ Marshall, and we make up D&M Productions, a team like no other because there are always two of us at your event! Let's work together to make your event the talk of your friends and family for years to come.

Please check us out on social media. You can find pictures and videos from past events. Keep in mind we do a huge variety of events to include weddings, fundraisers, festivals, birthday parties, Marathons/Races, corporate events, bars/clubs, etc. and each event is different and unique in its own way.
