Lear

The style

Aren't we all photographers?

I always used to refer to myself as a bike racer rather than a photographer. After all, riding and racing on two wheels has been my life since I was only 6 years old, and was all I knew till about 8 years ago when I picked up a camera.

But the real reason was, I just hated the stigma behind a what it meant to own a "nice camera" and be a "photographer",

We can all take photos these days I thought to myself. But capturing that perfect moment with amazing light is what excites me. That is what I am passionate about!

I am someone who loves people, interacting evoking emotions, using shapes and colors. Creating something that captures who you are in the beauty around you. I am someone who truly loves this fraction of a second moment in time when we can look back and realize how rad all of our lives really are.

My name is Lear, and I am a Mountain Biker, Taco connoisseur, Tequila Lover, Wedding crasher, and Award winning Photographer who will be always be smiling and laughing because I truly love what I do!

Weddings are an explosion of life, fun, emotions, reunions, love and energy. They are filled with precious slices of time and amazing candid moments.

I love these moments and I want to tell your wedding day story through candid expressions and true character. All while looking for the best light and location truly create an amazing visual story.

I believe that your photographer is a key ingredient in creating a relaxed and fun environment that helps bring out your true genuine expressions that are key to capture the natural you in a photograph. My goal is to give you an amazing experience from start to finish, have fun with both of you, and in the process create amazing artwork that captures the beautiful essence of your wedding day and who you are.

Lear Miller Weddings is based around the goal of creating images that take you back to the moments on your wedding day when you look at the photographs. We want our images to rewind your senses and to rewind your emotions. We want you to look at a photo and cause you to re-experience and relive the sounds and sights and smells of your wedding day all over again.

NUMBER OF HOURS

Collections range between 8 hrs - 12hrs depending on how much photography coverage you need on your wedding day. We can help provide you with a recommendation on hours after we meet to discuss your vision for your wedding day.

TWO PHOTOGRAPHERS*

Having two photographers means covering more angles, capturing more candid MOMENTS, and giving you more PHOTOS! Since your wedding day is packed full of 'one-time' moments, two photographers really can be in two different places at once.

DIGITAL FILES

We give you the high resolution, digitally enhanced photo files so you can download them and have a USB-copy for your own storage and safekeeping

KEEPSAKE BOX

Includes free 100 Proof prints.

PHOTO ENHANCEMENTS

Every photo we deliver goes through a multi-step digital enhancement process to make each photo the best it can be. Digital enhancements include adjustments to the photograph's color, exposure, shadows, highlights, contrast and sharpness.

PRINTING PRIVILEGES

We include printing privileges and service so you and your family members can print as much as you'd like, wherever you like. We make it easy for your family & friends to order photo prints right from your online gallery.

ONLINE GALLERY

Just as important to the quality of photos is how you view & share them. Your modern online gallery gives you the ability to view and share your favorite photos with family & friends, from any internet connected mobile or desktop device.

ENGAGEMENT SESSION

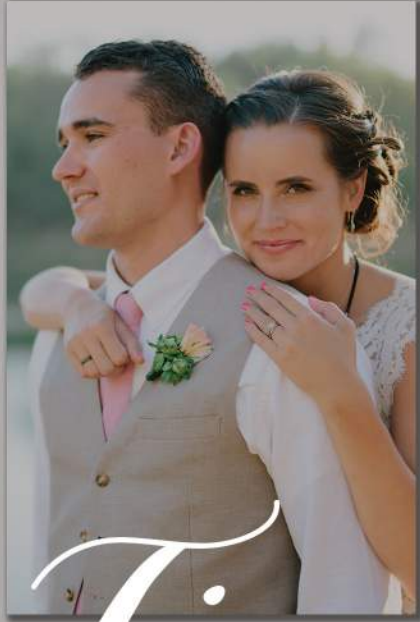

Perfect for save-the-date wedding announcements or wall art around your home. Engagement photos are a nice addition to have timeless photos of the two of you wearing something other than your wedding clothes from your wedding day.

One photographer for approximately 2hrs. A relaxed and casual hangout date photo session. We set up a few locations, usually within walking distance, and do a few clothes changes (typically two-three different looks). This gives you a nice, wide variety of photos to fall in love with.

- Standard Engagement \$500

Customize Your Timeless Album

Heirlooms are tangible. They are something you can hold, share, fall in love with, touch and eventually pass along to your children. A timeless and classic heirloom lets you rewind the moments of your wedding day and hand down those memories from generation to generation. We put you in control of building your album so you can create the perfect wedding heirloom.

Choose How Many Spreads You Want

Each spread in your album is made up of two page sides.

What is our recommendation? How many spreads should you include? When designing your album story, some photos will look best shown across 1 spread, while other times 5 photos fit naturally on one spread without looking overcrowded. From our past experience, you are going to fall in love with a lot of photos from your wedding day. We can fit

however many photos you want on each spread. When telling your wedding story through the design of your album, it is important not to crowd a lot of photos on each spread. A relaxed album design keeps your photos from becoming small and crammed together.

Our recommendation for a clean, non-cluttered design is to add enough spreads to average

3 - 5 photos per spread. The number of spreads you will want to include depends on how many photos you want to include in your album.

All album sizes include 10 spreads

Add additional spreads:
\$35 for each additional spread
\$75 for each additional 3 spreads

Next Steps

A Note on Wedding Dates

We work very hard to create a great customer experience and exceed the expectations of the couples we work with. In addition, our price is competitive for what we offer. Because of this, we have a high number of referrals and couples who inquire on a frequent basis. Our calendar fills up quickly every year.

Since there are a limited number of wedding dates available each year, it is common for us to receive multiple inquiries for the same wedding date. To make it fair to inquiring couples, our calendar remains open until we have received a completed eContract and retainer check. Only at that point is a wedding locked in on our calendar and is no longer available to other couples.

We Want You to Photograph Our Wedding.

What Are The Next Steps?

In order to lock in your wedding date on our calendar, all we need is the completed Contract and to have received your retainer check. Once we receive that, your wedding date is locked in and we will send you your welcome packet and contract copy.

A wedding couple is shown from behind, standing on a rocky ledge in a desert landscape. The groom is on the left, wearing a black tuxedo, and the bride is on the right, wearing a white, beaded, strapless wedding gown with a long train. They are holding hands and looking at each other. The background features red rock formations and green desert vegetation under a bright sky. The text 'Love Your Photos' is overlaid in a white, cursive font on the right side of the image.
