I'M COURTNEY, WELCOME TO MY WONDERLAND

It all started back in 1994 when I was born..... LOL IM JOKING.. kinda

I have always loved art, been obsessed with it really. I've always been creating art for myself and for the people that I love. In college, I started creating series of self portraits that represented who I was, the struggles I was facing, the happiness I felt, my grief, my love, my everything. I was at my most vulnerable because I made these images for myself but then I shared them with others. Not everyone fully understood these portraits and thought they were bazaar but then there were people who came up to me at my shows, after my presentations and said "finally, someone who knows what I'm feeling. Someone who makes me feel normal about my emotions and myself."

I thought to myself, how many people are getting these cliché-ass photos taken of themselves? They're paying a photographer to falsify themselves to fit the societal norm. I decided I wanted to do for you what I do for myself, create photos and art that represent who you really are. What does your wonderland look like? Does it look like stripping down to naked and covering you and your partner's body in gold flake and holding each other close? Let's do that then.

testimonial

Courtney captured our day perfectly. With a fall wedding, we wanted an artist that would capture a rich and moody aesthetic. Courtney did exactly that. She was extremely communicative from the point we first reached out onwards, sending us plenty of surveys to ensure that what she captured was exactly what we wanted. The photos are breathtaking and everything I'd hoped for. Courtney got our gallery back to us in under a month too! Also, she worked seamlessly with our videographers, Ebabil. Thank you, Courtney!! We will recommend you to all of our friends with upcoming weddings!

WHAT THE FAQ

DO YOU OFFER PAYMENT PLANS?

Deposits are required with every session + wedding, this is 25% of the total. After that, I work with every client to make sure they have a payment plan either split into 3 or 4 payments to assure that you can invest in having these beautiful memories documented. Full payments are due before the day of the session or wedding. I want to work with you and I want you to have beautiful photos.

IM NOT SURE I NEED AN ENGAGEMENT SESSION

Engagement sessions are complimentary so opting out will not lower a package price. However, I fully believe that you can NEVER have enough pictures so do the dang session and bring your freaking dog.

DO YOU TRAVEL OUTSIDE OF NEW YORK?

Yeeees, I will use any excuse I can to travel so please, GIVE ME AN EXCUSE!

HOW LONG TILL I GET MY PHOTOS?

For weddings, 6-8 weeks. But no worries, sneak peeks come to you within 48 hours of your wedding!!

THANK YOU
