Add-ons - Available Options

Dance Floor Light Towers \$500.00

Already included in our Platinum and Signature Wedding Packages. Available as an add-on for the Economy and Standard Wedding Package.

Make your party rage with this Dance Floor Light Towers package! These Disco Lighting moving heads simulate intelligent lighting at a fraction of the cost.

Our Dance Floor Light Towers package includes:

- Two (2) Chauvet Trusst Glo Totem 4.92ft Glow Column Light Towers
- Two (2) 80W RGBW Affect Beam LED Bar Moving Head Stage Lights
- Two (2) Led Par 38 Uplights to make the towers glow either a solid color or slowly fade to different colors. (See Attached Photos)
- One (1) Chauvet Vue 1.1 Moon Flower light. Shines on the ceiling for a color show that moves to the music.

This option includes the two hours of set-up time that is required prior to the start of your event, the breakdown time following your event, and an optional in person meeting with you prior to your event to finalize your lighting design ideas.

Requires: A dedicated electrical outlet that is NOT on a dimmer switch at your venue. We will coordinate with your venue to insure that there is adequate power to run the Dance Floor Light Towers package.

Second Independent Sound System \$300.00

Available as an add-on for the Standard Wedding Package.

For clients who require music to be played in two separate rooms simultaneously, or for clients that do not want to experience the downtime for us to move our set up to a different location.

- (2) Two Alto Professional TX8 280-Watt 8-inch 2-way active loudspeakers
- (1) Mackie 1202-VLZ Pro - 12 Channel Analog Mixer to control mixing effects and volume
- (1) Shure SM58 corded Microphone and microphone stand

- (1) Apple iPad Air loaded with music library and custom music playlist

If the Second Independent Sound System will be used for cocktail hour, we will discuss exactly what music you will like and custom mix it for your ahead of time.

Budget Tip: This is a common timeline “issue” for many events - Guests moving from one location to the next as the event progresses. It occurs if there is a separate location or at weddings where the ceremony site is different from the reception site. Because it is such a common issue, many venues have cocktail sound systems available. In some cases, it will be cheaper to rent your second system from the venue as opposed to from Roundabout Records.

If you require a second system- check with your venue for their prices and sound system properties. If they are less expensive and match your sound requirements, we are still happy to mix your cocktail or ceremony music for you- we simply need to know the file format that the venue requires: .mp3 or .cda.

Some venues use this common “issue” as a way to tack on a large extra charge at the last minute to your bill once you finally realize that you’ll need a second system and are “trapped”.

You have two options if you find that your venue will charge a larger amount for a second system than Roundabout Records, you can either rent a second system from Roundabout Records or we will be happy to move a single sound system to the next location to help you stay within your budget. We have done weddings where we had to set up and breakdown in three different locations (ceremony/ cocktail/ reception) to help our client stay within their budget. Contact us to discuss if you find yourself in this situation while planning your event and we’ll work with you to find the best possible solution for you.

Monogram- Text Logo in Lights GOBO projection \$150.00

Already included in our Platinum Wedding Packages. Available as an add-on for the Economy and Standard Wedding Package.

Custom GOBOs lighting is very popular and looks very elegant. Perhaps you have seen examples of GOBOs lighting in person at a wedding, corporate event or trade show.

- Custom design stainless steel cut GOBO
- Graphic design artwork time included
- You keep your custom steel cut GOBO after your wedding as a keepsake.
- Image file of your design/ monogram which you can use to coordinate your wedding stationary, napkins or whatever you can imagine in keeping your wedding theme! (.JPEG, .GIF, .PNG)

Your custom designed monogram/ name/ text/ image can be projected anywhere in the room - floor, walls, center of the dance floor. The projected image can be stationary or rotate at a controlled speed. The final projected image will be 5 feet to 50 feet as specified by the client and is typically sharp white light but it can be whatever color light the client chooses to match their event theme.

Many clients have us project their image on the center of the dance floor as a dramatic focal point during guest arrival, cocktail, first dance, dinner and then have us move their projected image to a wall once the dance party begins.

We can either design their graphic artwork, text or monogram for you with your input and final approval, or you may provide us with your own design. If you design your own - the black lines of the image or text will become the projected light. Simple black and white line art works best and is the least expensive to produce - but really the possibilities are endless. Examples can be found on our website.

Requires: Martin PR1 Intelligent Light, Lighting Truss]

Surprises in your final bill \$0.00

At Roundabout Records, we believe in letting our clients know the final price upfront. We won't tack on additional charges on your wedding day and try to "trap" you. We'd be very upset if someone did that to us and therefore we won't do that to you!

So that there is no surprises with your final bill, here are some things that will affect your final cost.

Your final bill will be **LESS** than quoted if:

- \$200.00 OFF all weddings booked (1) ONE year in advance (promo code 1YEAR)
- \$100.00 OFF all weddings booked (6) SIX months in advance (promo code 6MNTH)
- 20% OFF all weddings held Monday through Thursday
- 10% OFF if you are one of our previous clients
- If you have a promotional coupon from Roundabout Records, we will honor it

Your final bill will be **MORE** than quoted if:

- Your wedding date falls on a recognized holiday
- Your wedding location is farther than 30 miles from Delray Beach
- Your wedding is at two separate locations that we will have to drive to
- Your wedding is not held on the ground floor and no elevator is available
- Your wedding is located outside or on the beach

You are welcome to decide the night of your wedding that you want us to stay and continue to play music longer than our initial contract. We are very good at getting the crowd up and dancing and keeping them there - so this does happen frequently. In that case, our half hour or hourly rate will be applied and we would like to be paid in cash. Credit card payments can also be accepted.

Custom text and monogram GOBOS require a minimum of two weeks to create and we require prior payment for the GOBOS in full to cover our design and manufacturing cost.

Deposit to Reserve your Wedding Date and Sales Tax

- Our standard deposit to reserve and event date is \$499.99
- Once your deposit has cleared, we will block your event date in our check availability system.
- Roundabout Records is a licensed small business in South Florida. 6.5% sales tax will apply.

Payment Options

- We expect to be paid in full 10 days prior to your wedding date.
- You can use our secure Paypal server through your on-line planning account to make credit, debit card or electronic check payments or you can send us a check or money order through the mail.

Our Rain Date or Reschedule policy

All that we require is TWO HOURS cancellation notice. We don't even need an explanation! We will be happy to re-schedule your event and transfer your contract and payments to any date we have available.

Online Planning Forms, Wedding Itinerary and Music Selections

- Final music selections for your ceremony, reception specialty and family dances, cocktail hour and dinner hour are due 10 days prior to your wedding date. This is to ensure that we have adequate time to obtain and professionally mix these very important personalized music selections.
- Final details in your on-line planning forms are due 10 days prior to your wedding date. This is to

ensure that we have adequate time to create your full wedding itinerary and to edit it as per your instructions until we obtain your final approval.
