

THE  
OVERLOOK *at Harvest Moon*

Congratulations on your engagement! We are thrilled you are interested in hosting your wedding here at Harvest Moon. We are a family-owned and operated working farm located in Westchester County, New York, specializing in growing apples, stone fruit, and a wide array of produce.

### **Our Farm**

Our property offers unmatched natural scenery, sweeping views, and a unique pastoral setting for your most special day. We boast over 60 acres of farmland brimming with abundance and natural beauty in the form of apple orchards, peach groves, grape vines, berry fields and vegetable gardens; we are certain you will find our land to be the perfect venue for your wedding day.

At Harvest Moon, allow yourselves to be whisked away to pristine, unspoiled locations on the farm for stunning, panoramic wedding photos. Choose a ceremony site in a secluded location nestled among apple trees or one situated majestically upon the hilltop stone terrace for an unforgettable and unique ceremony.

## **The Apple Grove**

Literally surround yourselves and your guests with apple trees, bursting with blossoms or heavy with fruit, to capture the essence of getting married in an orchard. The Apple Grove is a private site nestled within our orchard and offers a simple, natural and picturesque location for your ceremony. The Apple Grove can accommodate up to 100 guests (not pictured).

## **The Overlook**

Located at the highest point of our orchard, The Overlook stone terrace offers 360-degree panoramic views of the rolling Hudson Valley hills and gently sloping rows of fruit trees that change colors with the seasons. The Overlook is a breathtaking ceremony site for up to 250 guests and can also be used to host an elegant outdoor cocktail hour, offering enough space to seat up to 90 guests comfortably.

A reception site is available directly adjacent to The Overlook. The site is a level space designed to accommodate a tent up to 60'x110' which is large enough to seat up to 250 guests. In addition to the tent space, there are clearings carefully prepared and tastefully scaled to accommodate a catering set up and a restroom trailer.

Your guests will enjoy stunning panoramic views during the entire wedding event, making Harvest Moon one of the most unique and memorable wedding venues in Westchester County!

## Hardscrabble Cider

We proudly invite you to treat your wedding guests to some Hardscrabble Cider, our own award-winning hard cider produced right here on our farm from apples carefully cultivated in our orchards.

The process is 100% hand-crafted; the apples are picked, pressed, bottled and labeled all by hand in our cidery.

A truly authentic slow-food, farm-to-glass beverage!

Two cases of Hardscrabble Cider are included in the venue rental price and additional cases may be purchased at a discounted rate.

## **Harvest Moon Wedding Pricing 2017/2018**

The farm is available for weddings beginning in April and through August. Days available to book are Friday, Saturday and Sunday and weddings may begin as early as 6 p.m. and conclude as late as 11 p.m.
