## CUSTOM PACKAGES

Please let us customize a package for you. Almost every event we host has some level of customization and we don't want you to feel locked into one of the packages below. We would love to have you in for a tour and discuss your plans and ideas. We can then suggest a combination that is suited to you and get you a specific quote. Skip to the end of this list to see individual items and their rates. To help you get a sense of things we've put together a few **possible** packages below.

### WEE EVENT \$2985

Do you just need a few hours? Not planning an extensive set-up? Then the Wee Event might be just for you. The 6-hours are a shorter time than all the other packages and there aren't so many bells and whistles but this is definitely the most economical option. Don't forget to include setup or teardown when you are calculating your time. This is for Stage 1 which is the big 10,000 sq ft space.

### JUST THE SPACE \$3800

Do you have an army of helpers? Planning on bringing or renting your own furniture? Want us to stay out of the way? This package gives you lots of options because it includes 16 hours for you to be in the studio - decorating, setting up, getting ready, giving speeches, getting hitched, eating, drinking, and dancing - but doesn't come with much more.

- This is the great a-la-carte option because you can pick the items that go with it from our list of add-ons. Start with 10,000 sq ft of blank canvas and go for it.
- Access from 9a - 1am. That's 16 hours.
- Storage from the business day before until the business day after. For a Saturday wedding that means you can store from Friday until Monday.
- Cafe Lights 200 ft of strung lights with cool retro bulbs that can be deployed anywhere in the studio's rafters.

### THE FOUNDRY \$4900

We've seen a trend. When it comes right down to it there are some essentials that lots of our clients were adding on to their booking. We thought it might be easy to just bundle them all together into one package. Now all we need is a better name for the package. "The Foundry" was a cool name about 7 years ago. We're open to suggestions. Actually, we really really really want your suggestions. Please help; send us your suggestions for a new name for this package.

- Access to Stage 1 - the big 10,000 sq ft one - from 9a - 1am and that totals 16hrs.
- Security Guard for 7hrs. Uniformed and armed.
- Cleaning and Damage deposit which is refundable up to \$450 if you do your own cleanup and you didn't flip a table.
- Large Fenced Parking Lot which can hold up to 150 cars.
- Parking Attendant to babysit the cars.
- Storage from the business day before until the business day after. For a Saturday wedding that means you can store from Friday until Monday.
- Cafe Lights 200 ft of strung lights with cool retro bulbs that can be deployed anywhere in the studio's rafters.

And then all the normal things you'd need but don't always think of like access to the kitchen and get-ready rooms, fully stocked restrooms, staff that work alongside the caterer of your choice on trash and logistics, use of our ladders, fans, and steamer. Our staff will be there the whole time helping wherever they can. You can bring your own caterer and your own adult beverages.

Tables and chairs, that is the real perk for this one. Everything that was in the first package is included and then we add some tables and chairs - enough for up to 120 bums - and the crew to set them out and put them away. And in case you are wondering, Andy Warhol had a studio called The Factory. Which is what Ambient used to be. A factory! No, not Andy Warhol's studio, just a factory.

- Access to Stage 1 - the big 10,000 sq ft one - from 9a - 1am and that totals 16hrs.
- Security Guard for 7hrs. Uniformed and armed.
- Cleaning and Damage deposit which is refundable up to \$450 if you do your own cleanup and you didn't flip a table.
- 14 Tables 60" Round
- 4 Tables 72" Rectangular (banquet)

- Storage from the business day before until the business day after. For a Saturday wedding that means you can store from Friday until Monday.
- A nifty team of Ambient staff to handle setting up and tearing down your furniture.
- A swanky pen; your very own Ambient pen.

And then all the normal things you'd need but don't always think of like access to the kitchen and get-ready rooms, fully stocked restrooms, use of our ladders, fans, steamer, and a staff that work alongside the caterer you pick out on things like trash and logistics. Our staff will be there the whole time flitting about helping where they can. You can bring your own caterer and your own adult beverages.

If you want to substitute Rectangular Tables for the Round ones we can do that. But this is where we should probably chat. You noticed the part about Custom Packages at the top already, yeah?

### DETAILS AND DETAILS

We really hope you get one message in all of this - Ambient is really easy to work with. We try to make everything flexible and customizable and all the packages and structure you see here is a suggestion, not a rule. The only rules we have are really about safety.

**BRING YOUR OWN CATERER** - You don't have to use one we choose. We can recommend some great ones of course.

**BRING YOUR OWN BUBBLY** - This is a huge savings when you bring the alcohol. Serve it, just don't sell it, that's mean.

**DEPOSIT 50% to lock your DATE** - The balance is due on the day of (two weeks ahead if paying by check). Your deposit, less 250, is refundable up to a certain advanced date.

**299 capacity** - that's lots of bodies. But keep in mind that this includes caterers and staff and up to five Ambient workers.

**MULTIPLE VISITS** - We expect several visits as you are considering and planning. We can be available odd hours and days too.

**TOURS** - Just like above, we can be available odd hours and are happy to show you through and discuss your event. We kinda look forward to it. The more you share the more we can customize to make it happen. If you are out-of-town we can do a facetime tour. Just be ready, it can get really silly sometimes.

**DAMAGE AND CLEANING** - We want everyone to be able to have their event at Ambient. Normally, we would just count cleaning and wear-n-tear as a part of the process and totally 'our problem.' But we've had a few budget-conscious folks ask for a discount if they do the cleaning. To accommodate that we made the cleaning and damage a "deposit" that we will refund at the end of the night (or after your last payment to us clears) if you handle it. Hopefully, this lowers the base cost and makes it more possible for folks to make Ambient their canvas.

When it comes to Damage we have a nifty little policy. In the four upper packages a \$450 refundable cleaning and damage deposit is included. If something breaks we check the Home Depot website for a comparable replacement. We then double the cost of that item to cover labor to install it. That is the number we use to deduct from your deposit. We also refund some or all of it if you do the cleaning. But be honest, who wants to clean after a few hours of fun and festivities? We do. But your crazy aunt Sally and 3rd-cousin Ned won't. Planning on *not* getting this back is highly recommended

So to summarize, you could get a refund of your deposit if your guests or vendors didn't break anything and you had a helpful team take care of all the cleaning.
