Meet the Designer

Chelsea is Owner and Lead Designer of Freedom Floral. Flowers bring her immense joy and she considers it an honor to come alongside couples as they plan and prepare for their special day. Seeing the vision come to life is Chelsea's favorite, which is why you'll always see her smiling from ear to ear on wedding day!

In addition to slinging flowers, Chelsea loves spending time with her family- she's been married to her college sweetheart for 7 wonderful years and together they have three beautiful children. You'll see her hubs (Kevin) around on event day, engineering arbors, and serving as resident handyman and problem solver. Working side by side with Kevin is one of Chelsea's favorite things about her job!
