Our Wedding Experience Package is Carefully Designed

Because you only get ONE chance to get amazing photography on your Special Day!

The Facts

MY SHOOTING STYLE:

I love being both interactive and discreet throughout the wedding day. There will be parts of the wedding day when I will need to be in control in order to accomplish everything that needs to be done while staying on schedule. There will also be moments when you shouldn't even know that I'm there. (The ceremony, during dances and toasts, etc.) I teach our couples how to pose, model and interact during their engagement session so they are naturals on the wedding day and don't need quite as much instruction from us!

BOOKING:

Once I have answered any questions you may have and you have decided that our Wedding Experience is exactly what you're looking for on your wedding day, the next step is a booking proposal. I will create an online proposal that will walk you through the package and when you're ready you can save your date by signing your contract and paying your deposit online.

COVERAGE:

I am often asked if 8 hours is enough time to capture the full wedding story and the answer is yes! My main goal right now is securing and saving your date. You can always add additional coverage as we get closer to the big day and we have a good idea of your timeline.

DIGITAL FILES:

My assistant & I average 75-100 images per hour that we're shooting. With a 2nd Photographer you will get between 100-150 images per hour. I love delivering our client's files quickly and easily via an online gallery. You will have the ability to print, share and download your images as much as you want. I believe in freely sharing my work because that is what I would want if I were in

FACTS apply to both ONE & TWO photographer packages:

THE WEDDING EXPERIENCE

CONSULTATION - I would like to meet in person, if at all possible sometime before your engagement shoot! In this consultation you will receive several documents that will help us all stay organized and keep both of us on track. This booklet is like having our consultation. It will be everything that I would love to explain to you in such a short period of time! If you take a moment to go over this booklet, you will get the best WEDDING EXPERIENCE. And that is my purpose once I have become your photographer!

QUESTIONNAIRE - The purpose? To get all of the details! This tells me the WHAT, WHEN, WHERE & CONTACT INFO. I will need to know all about your Wedding Venue, Church, Place of Reception, COLORS of your wedding, how many Bridesmaids and Groomsmen. Will there be a Flower girl or Flower girls, etc. But you get the idea. This will also help me fill out your contract. I would love to know the vendor information as well. Because I do contact them to send them photos of their cakes, decor or photos of them that they would like to use on their websites (free of charge) and if I ever publish anything, I will already have their information to validate who's cake that was in the photo. I would hope someone will do that for my images. It is a vendor thing, I suppose, and we support each other!

CONTRACT - I am very proud of my contract. I searched high and low to find terms that will help me keep things perfectly clear for not only for my benefit, but for my client's as well!

A SHOT LIST - This is the list of shots that I will be taking during your Wedding day. There is a section in the back where you can add. During the Family Formals, if there are no names on the shot list, it would be best if you assign a friend or family member to locate each of the family I will need to be in each shot.

REHEARSAL - This is the time where I get the feel of the church or venue. It will let me know what my restrictions I have and what my best angles would be. Until that time, I can only imagine what the lighting will be like, or how much room I will have to work with. Can I walk around easily to get the shots I need? I can put those questions to sleep before shooting your wedding!

NOTE:

KEY SHOTS - Are the BEST images in the sequence of your wedding events. It is usually about 800 images. 100 of your images will go into your album or more. These are the images that I will work my enhancing magic on and will be burned on a Jump Drive or a series of discs. The images you can share with friends and family.

The **VAULT** - Is a folder of ALL the rest of your images, taken on your wedding day. I don't hold ANY of your images hostage! You will get every single one of them. Even if I took 2,000 of them! This will also be on your USB Drive or one of the DVD's in your set.

FOLDERS - In your wedding KEY SHOTS FOLDER, it will be easy to find your images. I separate them into subfolders for each event. Getting Ready-BRIDE, Getting ready-GROOM, PRE-CEREMONY (just about ready to head out to the ceremony, it shows the guys ushering guests to their seats, and the father with the bride, all the bridesmaids and groomsmen lined up ready to start the procession. CEREMONY, FORMALS, FAMILY PORTRAITS, THE CAKE, BOUQUET TOSS, etc.

WHY INVEST?

Your first decision as an engaged couple is to set priorities for your wedding planning. You have to decide what you value most. Is it the dress? The food? The Venue? As a bride AND photographer, I believe that couples should make their photography a top priority. After the big day is over, you will leave your reception with a spouse & your pictures.... thats it! All of that planning and preparation is over in a matter of hours! So if you are choosing to invest in high quality photography, those images deserve a classy, elegant home after the wedding. I offer high end, leather bound Legacy Albums for my wedding clients. The images are printed straight onto the pages and the covers are wrapped with top grain leather. This is the perfect ending to The Wedding Experience and it's a keepsake that you will be showing your children and grandchildren one day!

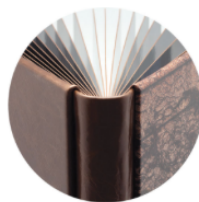

Thick or Thin Pages

All of our albums have the option of thick or thin pages. Thick pages are compared to a nickel and thin pages to a dime.

Gilding

There are 12 different color options for gilding and we can gild any album 16×16 and smaller.

3-Piece Album Design

All of our albums have the option to add a padded cover. This just gives it more cushion the front and back of the album.

Padded or Non-Padded

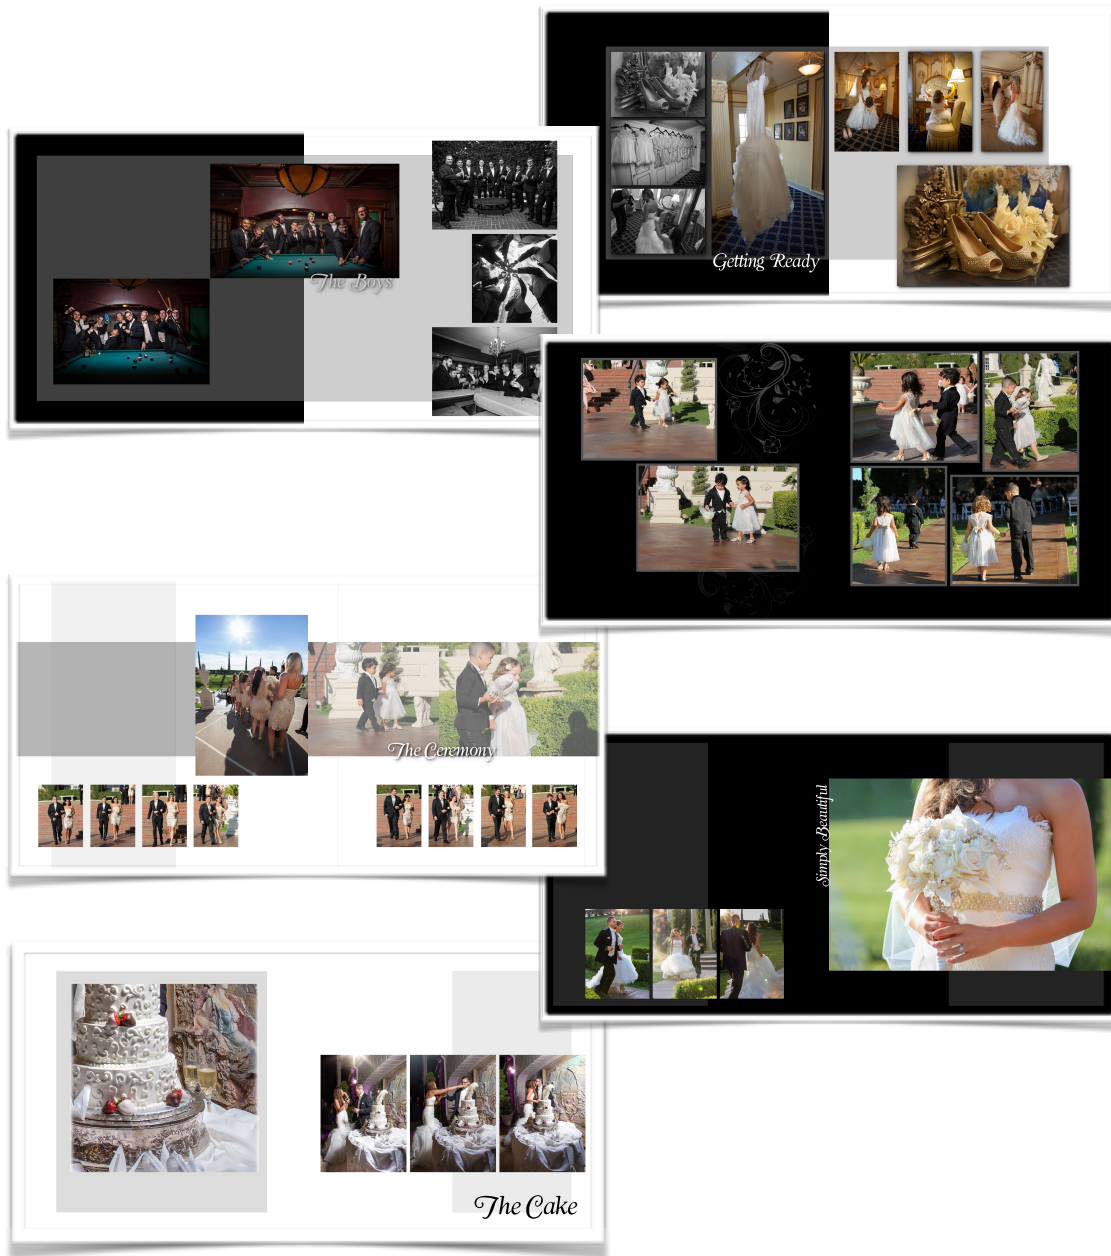

All of our albums have the option to add a padded cover.

Embossing

All of our albums have the option of thin or thick pages. We offer gilding as an add on to any album. Choose from 12 different colors that match our gilding colors or choose a blind emboss.

Thank You

Thank You For trusting us with your Special Day! We are honored to be the ones to capture your memories and we cannot wait to celebrate alongside you. Enjoy this season of planning but also remember that your marriage is more important than the wedding. The wedding will come and go in a matter of hours, but your marriage needs to stand the test of time. Continue to make time for one another, even with all that needs to get done. As you continue to plan, please feel free to contact me with any questions you may have along the way! Depending on your date, our next step would be to finalize an engagement session date! Also, about 8 weeks before the wedding, you'll receive an online questionnaire that will provide me with everything I need to know for your big day!!! I hope this guide has been helpful as you continue to plan and prepare for your wedding day!
