RAVE REVIEWS

“Hiring Christin Khan was one of the best decisions that we made in planning our wedding! Her photography is stunning, and she managed to capture all the moments that we wanted in unique and beautiful ways. We couldn't be happier with our wedding photos. In addition to being extremely talented, Christin is very professional and an incredibly nice person. From the beginning she has been flexible in catering to what we want. She met with us several times before the wedding to go over details and answer questions. And, on top of all that, she is extremely responsive and always got back to us promptly. If you are considering booking Christin, don't think twice. You won't look back!”

“We knew from the start that Christin was the photographer for us! Having photographed my husbands sisters wedding in 2008 we had seen her work first hand and it wasn't anything short of amazing! She is so warm, patient, and talented! We had an initial first meeting where she asked some questions to get to know us and get a sense of our style, and was always a phone call/e-mail away. She was always quick to respond to any question or request we had. Christin has this way of being everywhere to capture every moment but never be in the way!! We never once felt overwhelmed. We have had many compliments on how talented she is and how beautiful our pictures are! We would recommend her over and over again! You wont be disappointed!”

“Christin Khan photographed our November 2009 wedding and we are thrilled with our collection of wedding photos. Prior to our wedding, she patiently met with us and asked questions to get an understanding of our photo wish list and gauge our preference for formal/candid. The day of our wedding, she and her partner were on time and incredibly flexible when the bride was running behind schedule. Her calm demeanor put us at ease and she identified fun impromptu photo opportunities during our formal family session that are now some of our favorite photos. The end result was more than we could have hoped for and we now have a perfect mix of color and black & white, formal and candid. She is kind, patient and exceptionally talented with a wonderful photographic style.”
