CONGRATS!

Thanks so much for getting in touch with us about your upcoming, special day-big hugs and congratulations again for sealing the deal! An abundance of starry-eyed happiness and clinking of glasses await, and I'd absolutely love to be a part of your celebrations.

We are a husband and wife duo that offers both photography and cinematography. The best part of booking with us on your wedding day is allowing us to use our cameras to tell your love story.

Why we can't wait to document your day

From stolen glances to cheeky kisses and getting loose on the dance floor, We will be there to document your love story (and all the fun bits). We will even make sure to snap authentic moments that may've slipped by unnoticed - they're the best ones!

Whether you want us to inconspicuously lurk in the shadows, snapping candid shots or be right up the front, rounding everyone up for group photos, We will be the chameleon you need on the day. Either way, our cameras will be their capturing your memories, not missing a beat.

Hand on heart, every ounce of our energy goes towards creating a gorgeous collection of images & film to forever memorialize your day. When you look through the photos & film, the memories will come to life and it'll be as though you're right there doing it all over again.

Chris has a bachelors in neuroscience, and Priscilla has a bachelor's in geophysics. After many internships we learned that as much as we loved science research it was not what we wanted to do for the rest of our lives, so we decided to do something different.

We have a deep love for true connection between humans, the unabashed real type of connection. We love the art of storytelling, and we love using our cameras to tell your story through our unique perspectives.

We believe, at the end of the day, these real moments, even the smallest ones, are what mean the most.

Weddings are filled with these tiny moments and the fact that we get to capture them, stop time and hand them onto you to be remembered forever means more than you may ever know.

We would love to chat soon, We can't wait to hear all about your ideas and plans for the day.

HI, WE ARE PRISCILLA & CHRIS!

Kind Words

"I had such a great experience! She made me feel so comfortable and had such great direction. Highly recommend"

ENCAPSULATING ALL OF THE BEST MOMENTS FROM THE DAY

\$900

The perfect solution to cover multiple locations or big weddings.

SECOND SHOOTER

As much as we would love to clone ourselves and be in two spots at once, it's a lot easier to get extra coverage if you choose to have a second shooter on the day.

This is a particularly good idea if:

- You have a large guest list, and want to make sure we get shots of everyone that's there on the day
- You want photos or film of you and your partner getting ready the locations are farther apart.
- You're wanting a variety of angles for your photos and film such as the back of the dress and the front of the dress as your coming down the aisle.
- You're wanting photos of the ceremony and reception styling, prior to the arrival of your guests

Basically, the second shooter will act as my wingman/ wing woman, doubling the coverage of your wedding.

We'll team up to make sure that everything is captured, from start to finish, locations far apart. Lastly having a second shooter will ensure that photos and film are taken of moments you never get to see such as guest interactions and the cocktail hour moments.

"AMAZING!!!!!!!!!!!!!!!"

"When my husband and I were planning our wedding, we were in need of a photographer and videographer that was in our budget but more importantly- saw our vision. Through hours of searching the internet, I found Lunarlight Productions (a husband & wife duo), and fell in love with their work. Thankfully, Priscilla & Chris were available for our special day and they truly went above and beyond.

They showed up hours before the ceremony and snapped "behind the scenes" photos, getting ready photos of my husband and photos of our reception set up. Every moment of our wedding was commemorated and I can't tell you how special these photos are to my family and I. Just a day or two after the wedding, Priscilla & Chris sent sneak peaks of beautiful (and edited) photos of our special day and I cannot tell you how much I loved them.

13

Just a short month later, my photos and video were finished. I don't know how Priscilla & Chris captured all the love and joy from our wedding day, into photos and video clips but they did it! I cannot thank Lunarlight Productions enough for all the magic they did for my family and I. Please, if you're looking for wedding, elopements or engagement photos, look into Lunarlight Productions!! The kindest, most hardworking duo out there. ps: During my reception, I had many family members and friends telling me they loved their energy and would love to work with Priscilla and Chris for their events!"
