\$1050

# LOVING IT?

LET'S GET STARTED!

The process of booking photography and videography is one that we try to keep straight to the point and simple, while ensuring we know what your vision is so we can serve you! It looks a little something like this:

1) **Book a Call!** Using the booking link provided in your email, book a 30 minute Meet n Greet with Simone to discuss your day, your vision, and pricing.

2) **Sign a Contract!** Feel we are a good fit? AWESOME! Next step is to sign a contract and put down 50% deposit to hold your wedding date. Once that's paid & signed, we are officially BOOKED!

3) **Fill Out the Questionnaire!** After booking, Simone will send over a questionnaire and will begin to prep a media timeline for your wedding. About two-three weeks out, we will have another call (1 hour) to go through all the details, look over the timeline, and get EXCITED!

## ENGAGEMENT SHOOTS!

Many packages come with Engagement shoots! If you are interested in having one let Simone know so we can pick a date.

Engagement shoots are the BEST way to get to know each other and have fun in front of the camera. This is also a chance to really break away from the norm and get creative. Got a fun idea? Let's make it happen!

# FAQ'S

## ANSWERS TO YOUR MOST IMPORTANT QUESTIONS!

### *How long does it take for photos to be delivered?*

- I love getting my couples back a few sneak peaks (20 or so) within 24-48 hours. After that, the full gallery will be ready in your digital gallery in 8-12 weeks!

### *How do you protect our photos from damage?*

- All photographers (myself and my second shooter) and our videographer (Calvin) use two memories cards per camera, with each card recoding the same images. So if one memory card fails, the other is a backup! Then, as soon as we arrive home from your wedding, we upload all your images and video onto two hard drives to ensure if one hard drive fails, the other has a copy!

### *Is a Second Photographer Worth it?*

- A second photographer is a great option for ensuring all aspects of your day are captured. Getting ready in separate spaces? More candid of your guests during your ceremony? Other angles of your couples portraits? A second photographer provides all that and so much more! They also are so helpful during Family Portraits by organizing the family members and ensuring everyone is where they need to be!

### *We thought you were amazing on wedding day. Can we tip your after the wedding?*

- You're awesome just for asking! I'll never expect a tip, but I'll always appreciate it!

### *Do you charge a travel fee?*

- Yes. For venues over 1 hour from Denver, \$2/mile is added for every extra mile. We also ask that if we are more than 100 miles away from Denver that lodging is provided if we are staying until 10pm or later. It's a long drive back to Denver and want to ensure our (and your photos!) safety.

# FAQ'S

## CONTNIUED

*What is the process for printing? Do you offer prints?*

- Your Wedding Gallery is delivered via email and from there you are able to enter into your gallery and download ALL of your images, make a favorites list, share your gallery, and order prints.
- For Printing, print orders are places through the gallery itself, making it super easy to get nearly any kind of print made! Some options: canvas, metal, wood, framed, unframed, small, large, and even cards! You also get your prints guaranteed - that means if the quality of print you receive is not as it should be, simply let me know and I will refund you your print and get a new one sorted out!
- That said, you are welcome to take your downloads and print elsewhere (your most preferred printing site, your cousin who is a printer, etc!) However, I do not guarantee prints printed in other locations.

*Do you have suggestions for DJs, Florists, Hair & Makeup etc?*

- A compiled list of all my favorite people to work with and make your day amazing. These are folks I've worked with multiple times and am confident will bring the teamwork attitude to the wedding planning process! Look onward to the next page for their info!
