Macaroni Penguin Engagement – 800

3 Hours

Designed for the adventurous couple who want a generous amount of time with the photographer, in multiple locations, or to fully explore an area with many multiple setups, wardrobe changes, etc

Humboldt Penguin Engagement - 550 (most popular)

2 Hours

Our most popular option, normally 1 or 2 locations (if they are close to one another), a two hour engagement allows you to shake off the jitters and get comfortable with yourself, your partner, and the photographer while we explore a combination of candid and creatively posed photographs that are popular for Save The Date and guest books on your wedding day.

Chinstrap Penguin Engagement | 450

90 Minutes

For those who want some beautiful wall and desk art or Save The Date cards, the 90 minute session will give you just enough time for several high quality setups in one location, enough time to shake off the nerves and get into that relaxed zone long enough to yield a good amount of variety and quality portraits.
