Friends Meeting

OF WASHINGTON

Your marriage ceremony takes place in the elegantly simple [Meeting Room](#). The [Terrace Room](#) and [Library / Parlor](#) are perfectly located for the couple to relax and dress before the ceremony. The couple and their guests may enter the Meeting Room from the garden terrace or from the interior corridor.

Your guests may enjoy cocktail hour on the east garden terrace outside the Meeting Room following the ceremony while you take photographs (or the upper level of the west gardens as an optional add on). *Note that this option does not include an indoor rain back up for cocktail hour.*

After formal photography, join your guests in the [Assembly Room](#) or outside in the lower west gardens on the ground floor for either a formal seated dinner or a partially seated reception that can include live music, a DJ, and dancing (indoors only due to the neighborhood noise ordinance). A tent rented through FMW's required tent rental vendor is recommended for a seamless event rain or shine – and is required for seated receptions over 100 guests.

The North Room will offer a bit of quiet and a place to catch one's breath.

The [Decatur Place Room](#) is a perfect place for child care or for caterers and musicians to prep and take breaks.

Includes up to eight hours at the venue on the day of your wedding plus a one hour ceremony rehearsal the week before.

Capacities: The Meeting Room will seat up to 300 for your ceremony. Set up for dining only, the Assembly Room seats 96. The lower west gardens seat approximately 150 people under a tent (not included).

Options:

- Add the upper level of the west gardens for \$500 more
